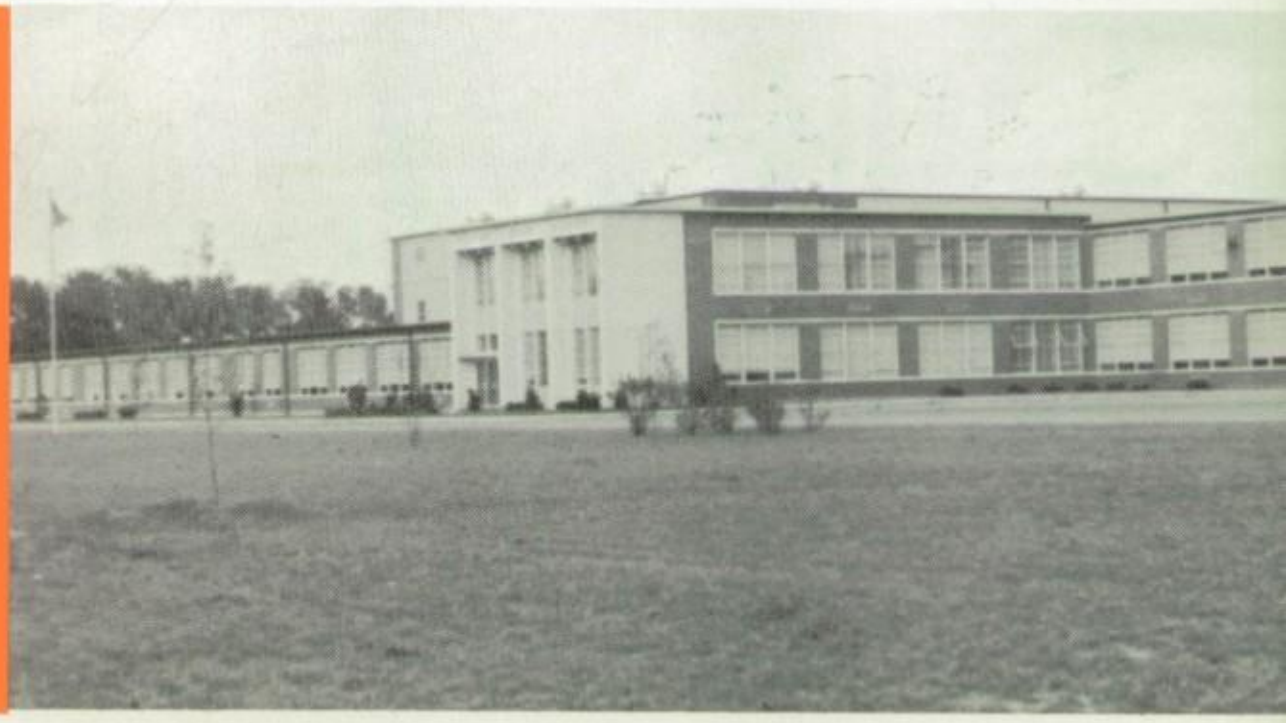
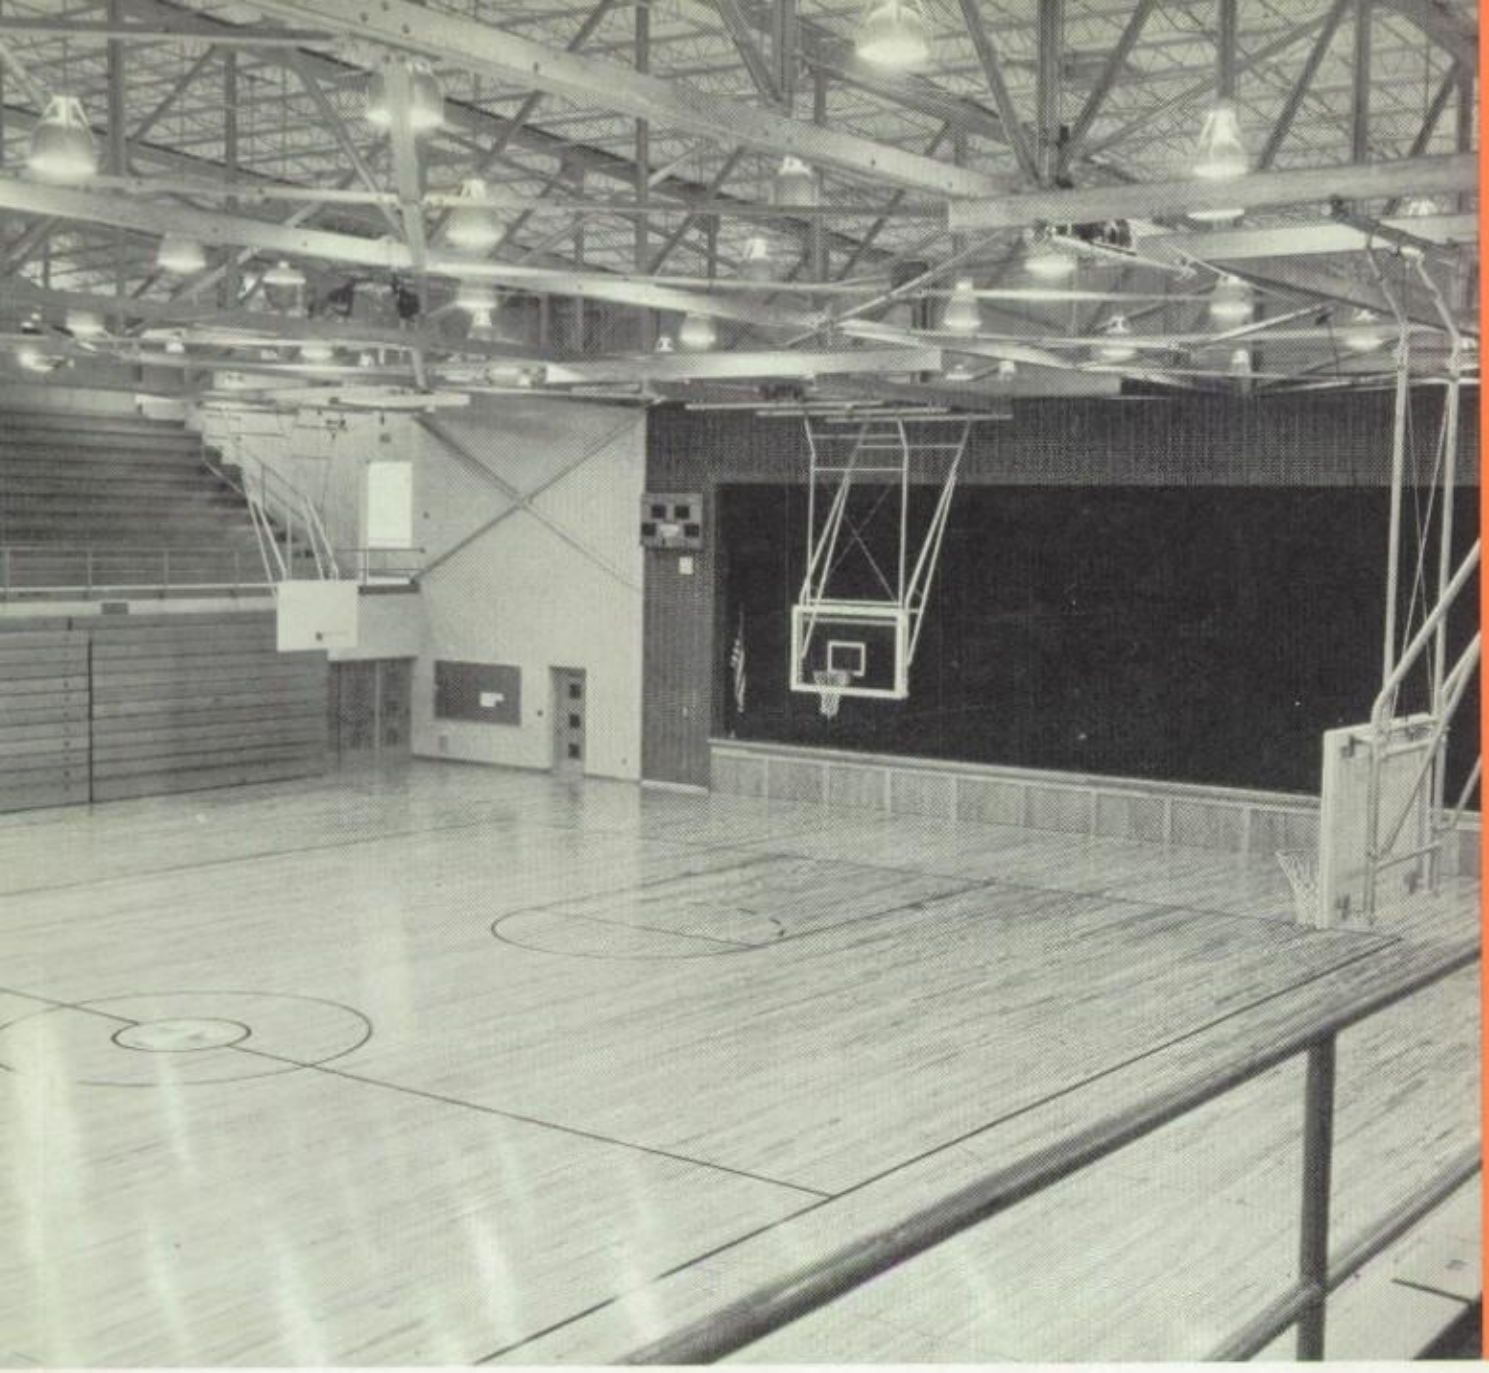
Just as with any other type of construction, our new school began with the blueprints which were drawn up by Arthur B. Henning. From these blueprints, our school materialized under the direction of Ammerman, Davis, and Stout, Engineers.

FROM BLUEPRINTS . . . TO

Our school finally became a reality to the citizens of our community.





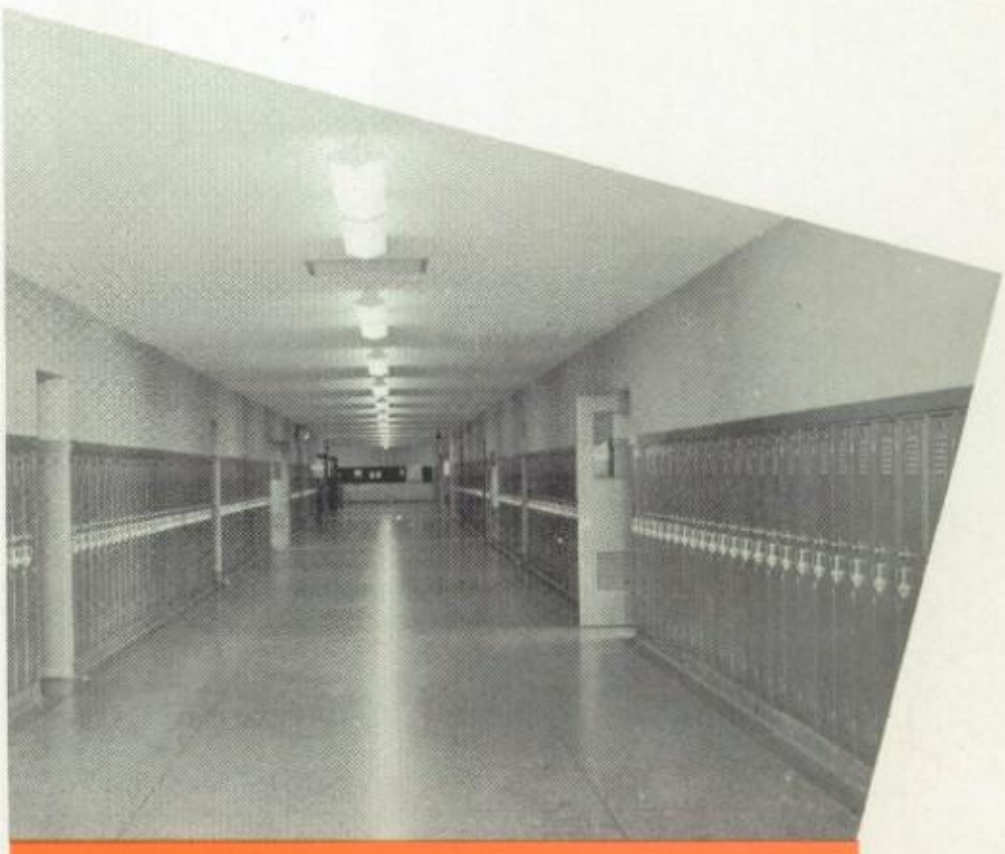
Although the interest in basketball did not need any stimulation, the new gym certainly increased our school spirit.

REALITY

Nothing stimulates the desire for learning as much as a new building equipped with the finest in educational material. Our school is now able to meet the needs and desires of its students in the best possible way.

It was hard for us to imagine what the school would be like, but when we were finally "moved in," all the work of many, many people had not been in vain.

They say that the first year is always the hardest, but our first year will be remembered as one of organization and new routines, of sharing and learning together.



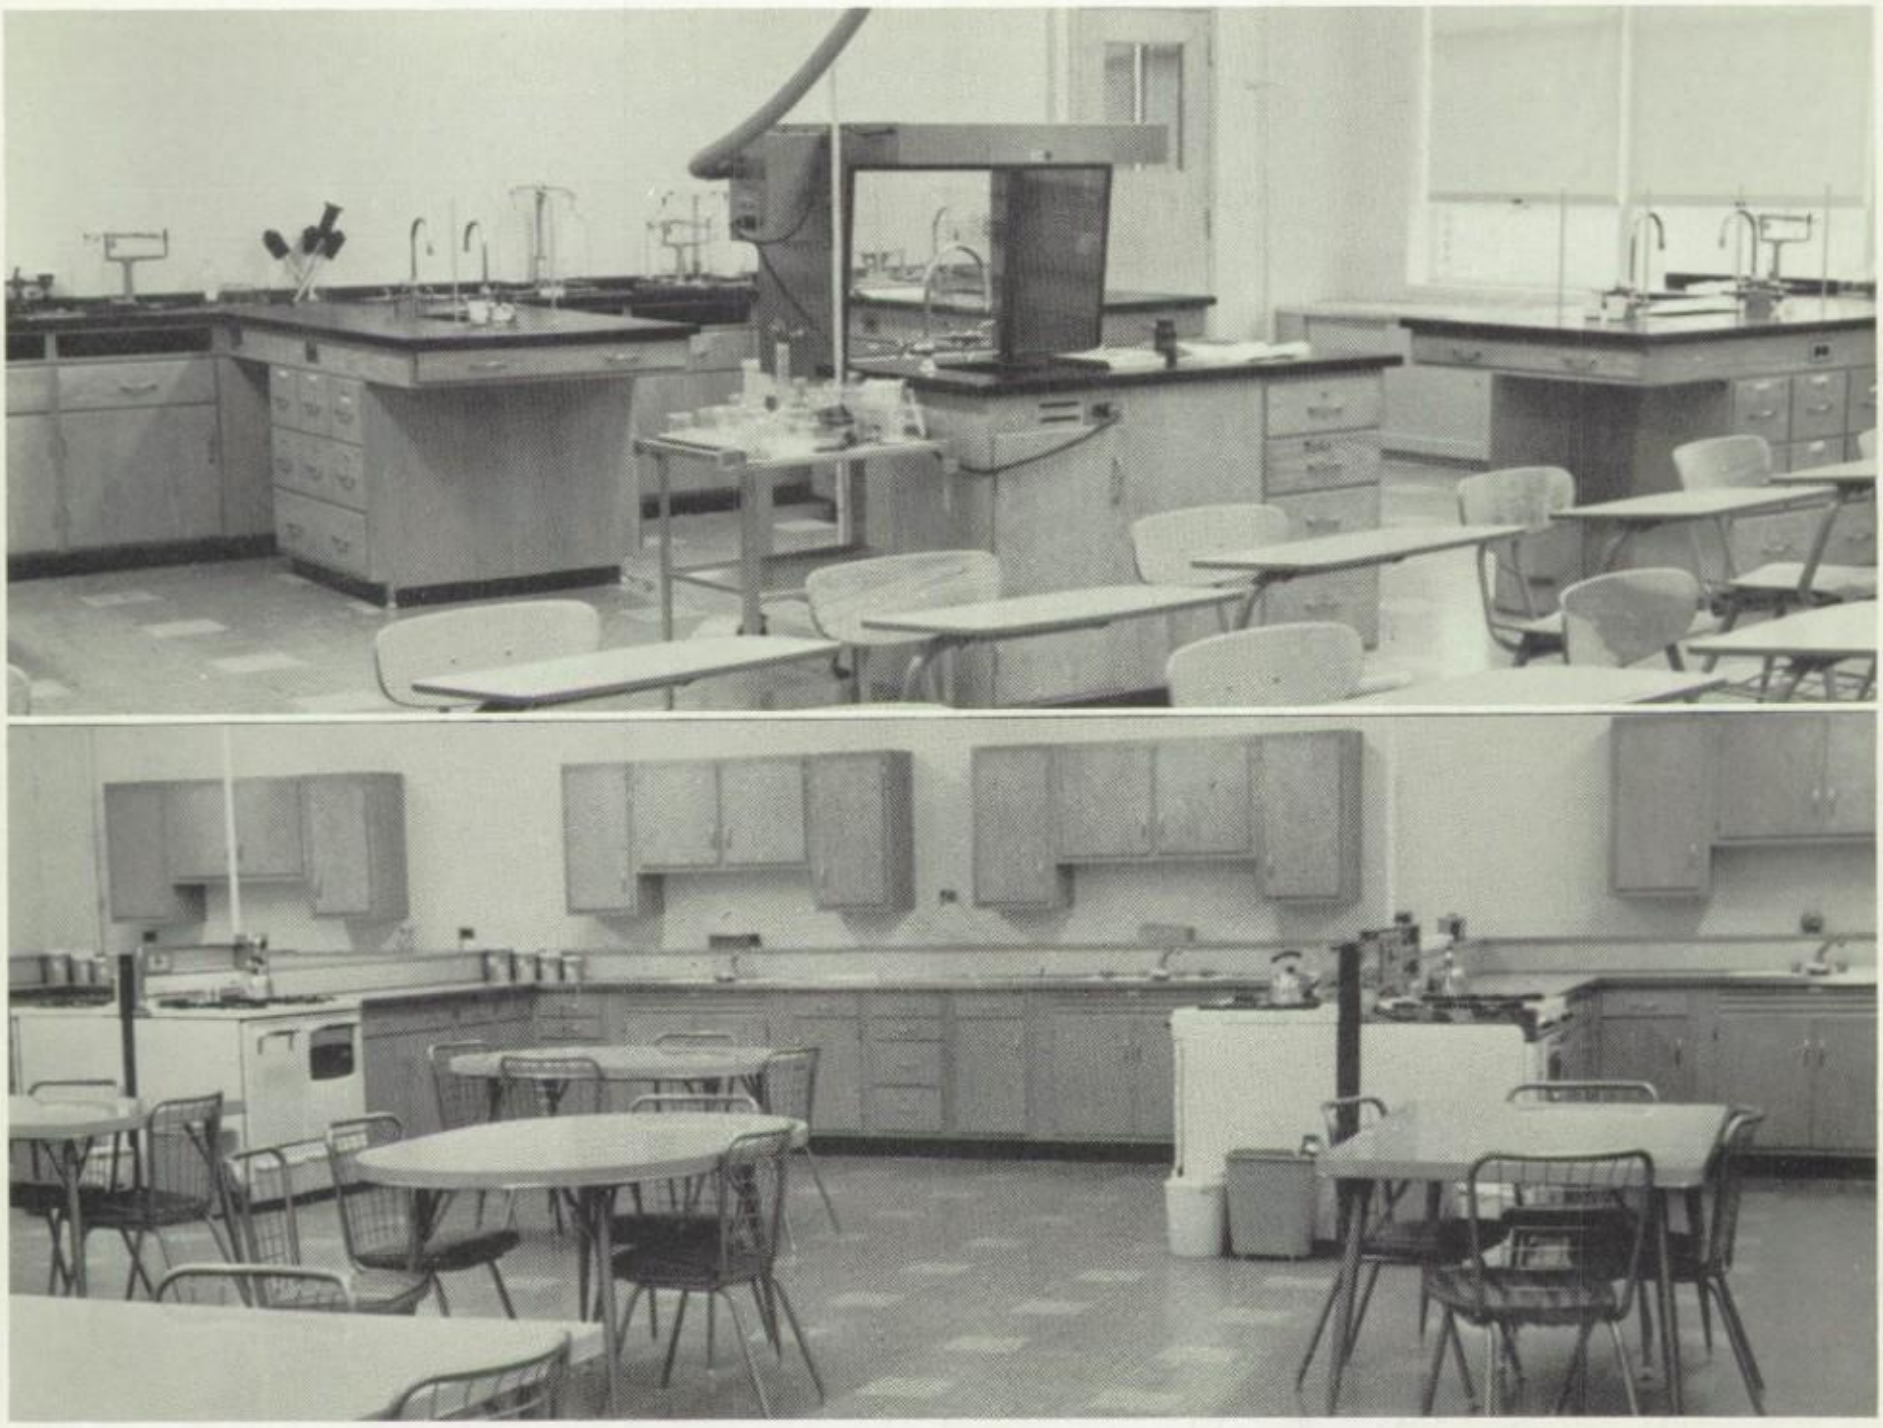
A "MECCA" FOR HUNGRY T.H.S.'ERS

Perhaps the only period in the day that the students really look forward to is lunch period.

The task of preparing nutritious and appetizing meals this year fell to our cafeteria staff. Catering to the desires and needs of six-hundred students is no easy task, but with the help of our modern new kitchen and the latest equipment, they succeeded in doing the best job possible.

The job of managing the cafeteria this year fell to Miss Weeks who prepared menus and made sure that everything ran smoothly.

Cafeteria staff (l. to r.): N. Giffin, Miss Weeks, N. Fuller, E. Ley, J. Lankford, F. Pearce, L. Osborne, M. Culbertson.



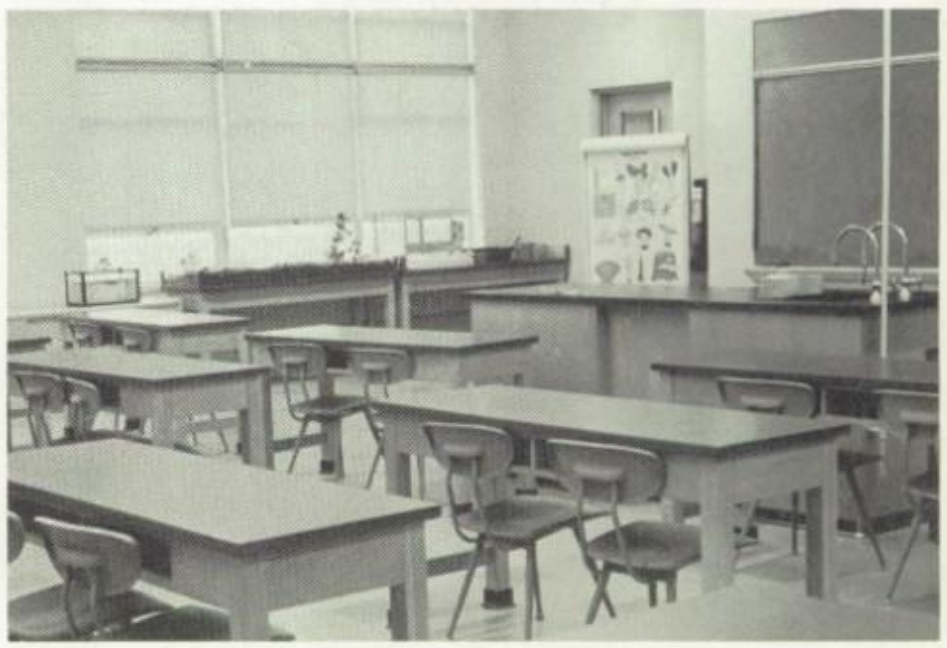
A practical knowledge, which is a definite part of any well-rounded education, is stressed in the chemistry lab and the home-ec kitchens.

MODERN EQUIPMENT AIDS IN LEARNING

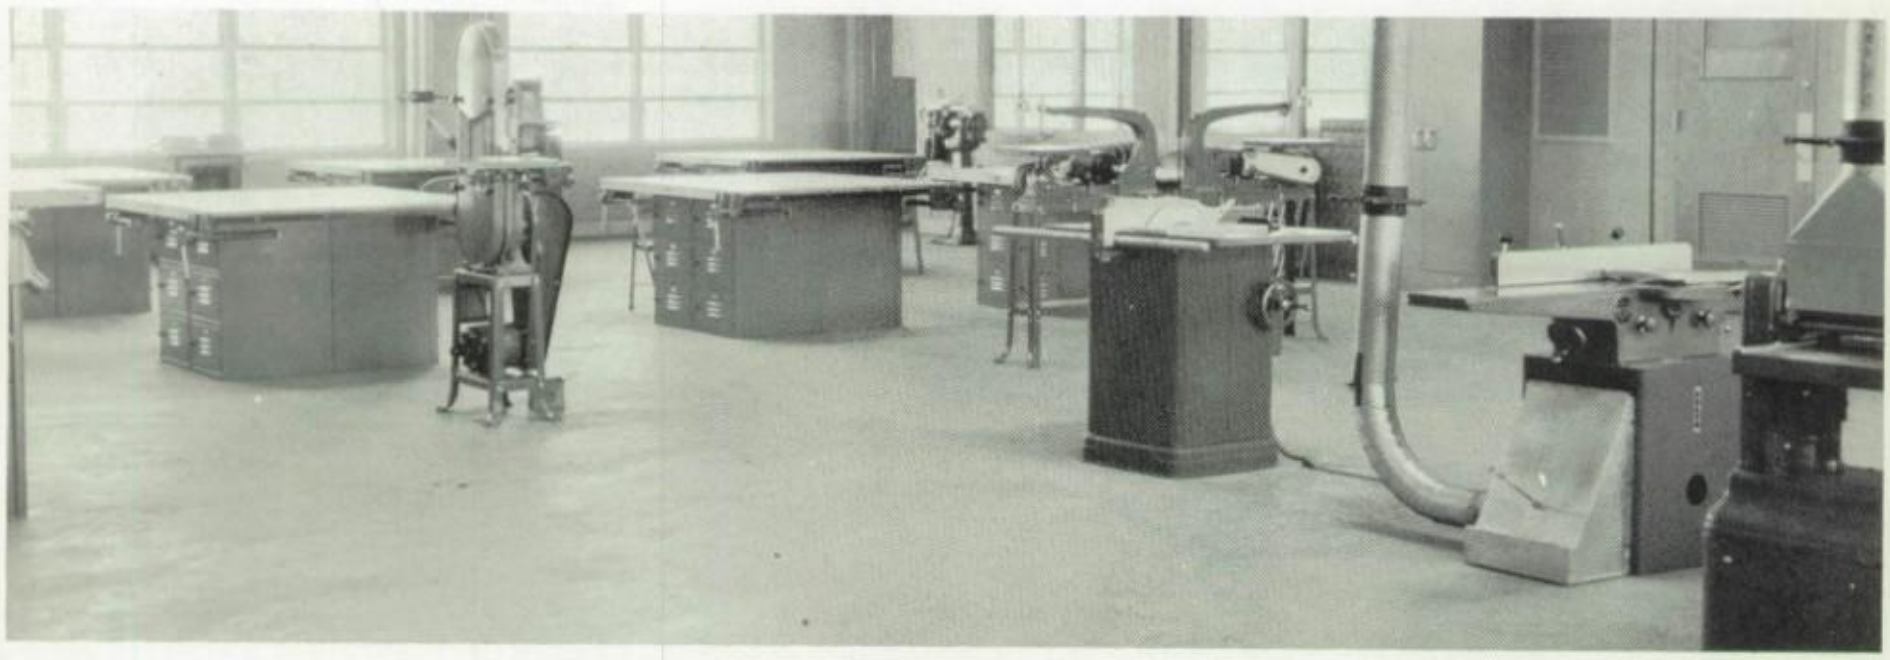
"We learn through practice." Where could a student practice more easily than in a science lab, filled with shining tools and bottles? Expanded facilities have made it possible for our science-minded students to do experiments and draw their own conclusions.

Our home economics kitchens add to the array of modern equipment with new stoves, breakfast sets, and built-in cabinets. All these improvements make our students more eager to learn.

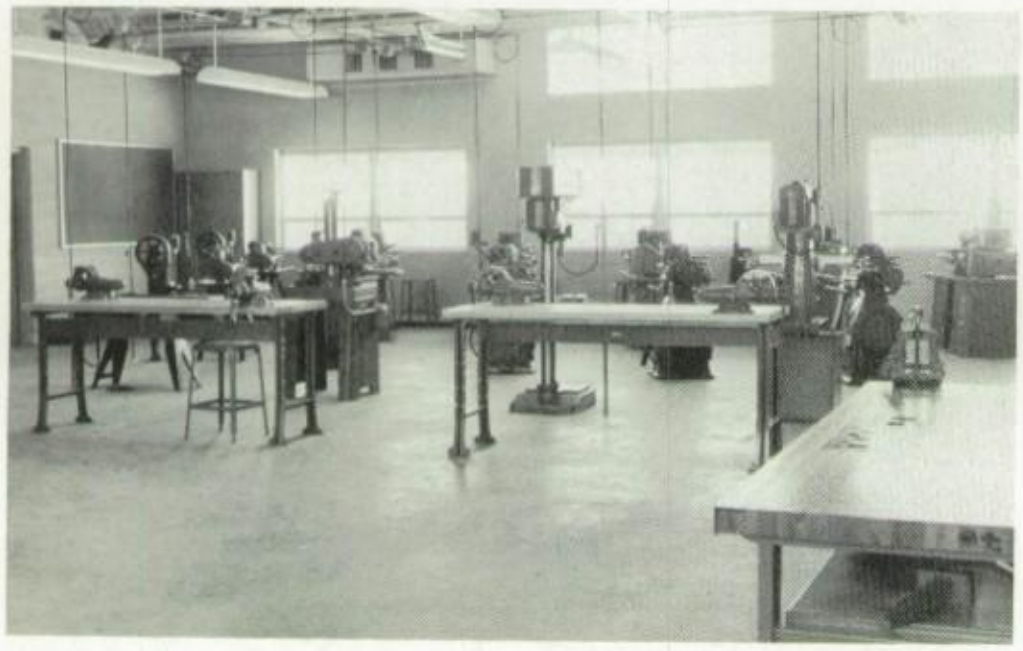
Our new biology lab makes it more interesting, and believe it or not, easier to learn.



BOYS DEVELOP CRAFTSMANSHIP



The whirr of machines and the pounding of hammers are common sounds in the woodworking room of the shop.

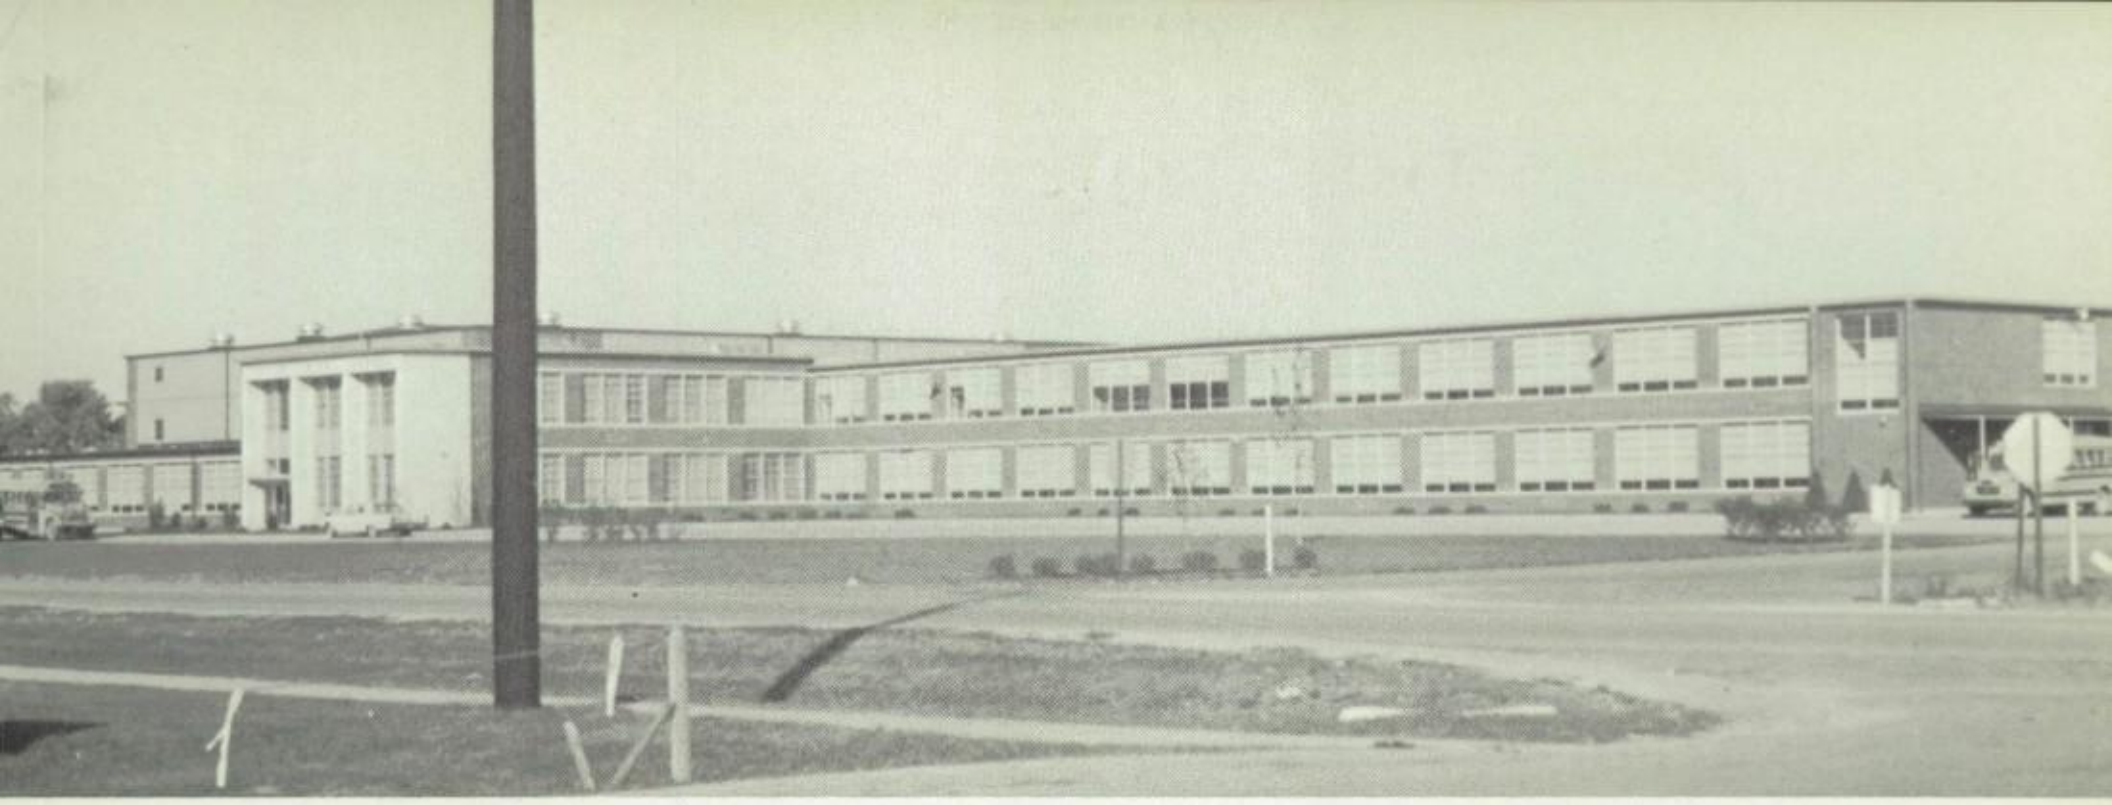


A Chevrolet motor was donated to the school for use in the machine shop.

Our shop courses finally have a home of their own. In the shop wing of the school we find, once again, all new equipment.

The boys have taken every advantage offered them and have made the most of their opportunities. The new shop gives the boys a practical education which enables many of them to step right out of high school into a well-paying job.

The boys in mechanical drawing study to become experts on the finer points of lettering and drawing.



To insure the safety of the students, the school busses were authorized to leave before any of the other vehicles.

THEY KEEP OUR SCHOOL IN ORDER

BOTTOM ROW (l. to r.): W. Phifer, G. Kemper, L. Powell, B. Day, E. Rhode. SECOND ROW: D. Smyser, C. Henry, M. Day, C. Hoover, A. Smelser, S. Durham, E. Sottong.

Being responsible for the safety and transportation of chattering teenagers is not always a pleasant nor easy task. Our bus drivers are the iron-nerved men who managed to get these noisy students to and from school on time.

After these students left school the task of putting the school back in order fell to the janitors. No matter how neat T.H.S.'ers tried to be there was always plenty of cleaning up to do after the school day was over.

(L. to R.): J. Riley, E. Powell, J. Holloway, R. Ross, U. Brooks, R. Easton.

Round and round we go during the band's half-time show at the Alexandria game.

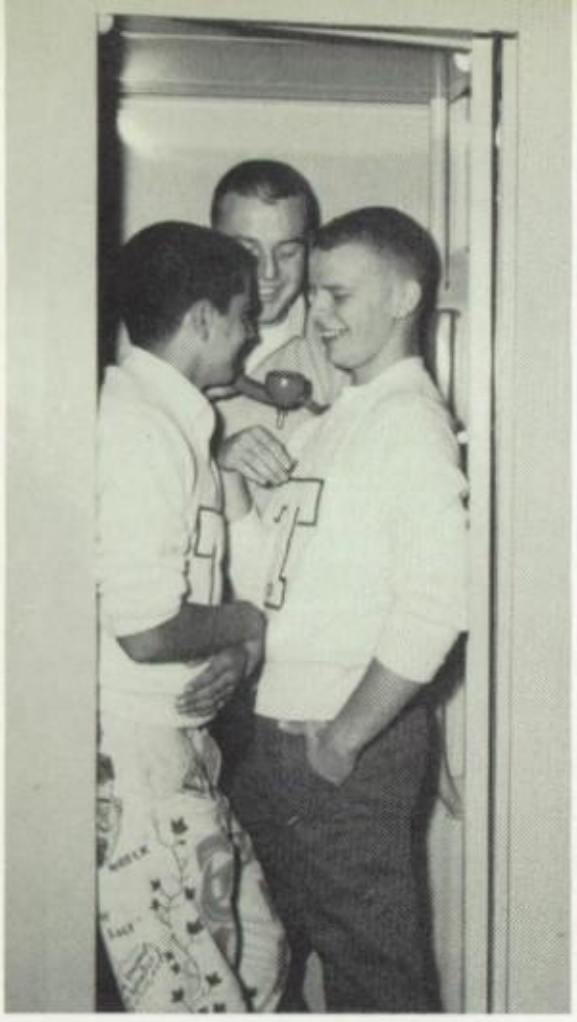
Looking back on the past year, the things we remember most vividly are the activities. We began our year of activities with registration day and ended it with the Prom. In between, students enjoyed football games, with the band's halftime shows, basketball games, track meets, after-game dances, club meetings, parties, Student Council programs, Freshman Initiation, working on the newspaper and annual, school plays, and the unusual everyday happenings which provide a break in the hard task of learning.

These activities have greatly enriched our high school life and will provide us with many fond memories in future years.

VARIETY IS THE SPICE OF LIFE

"Oh no! I've done it again," exclaims sophomore Lil Lankford as she surveys the scene before her.

The bookstore was a busy place on registration day. Mike Haley and Jim Morris are purchasing books from Mr. Pearson.

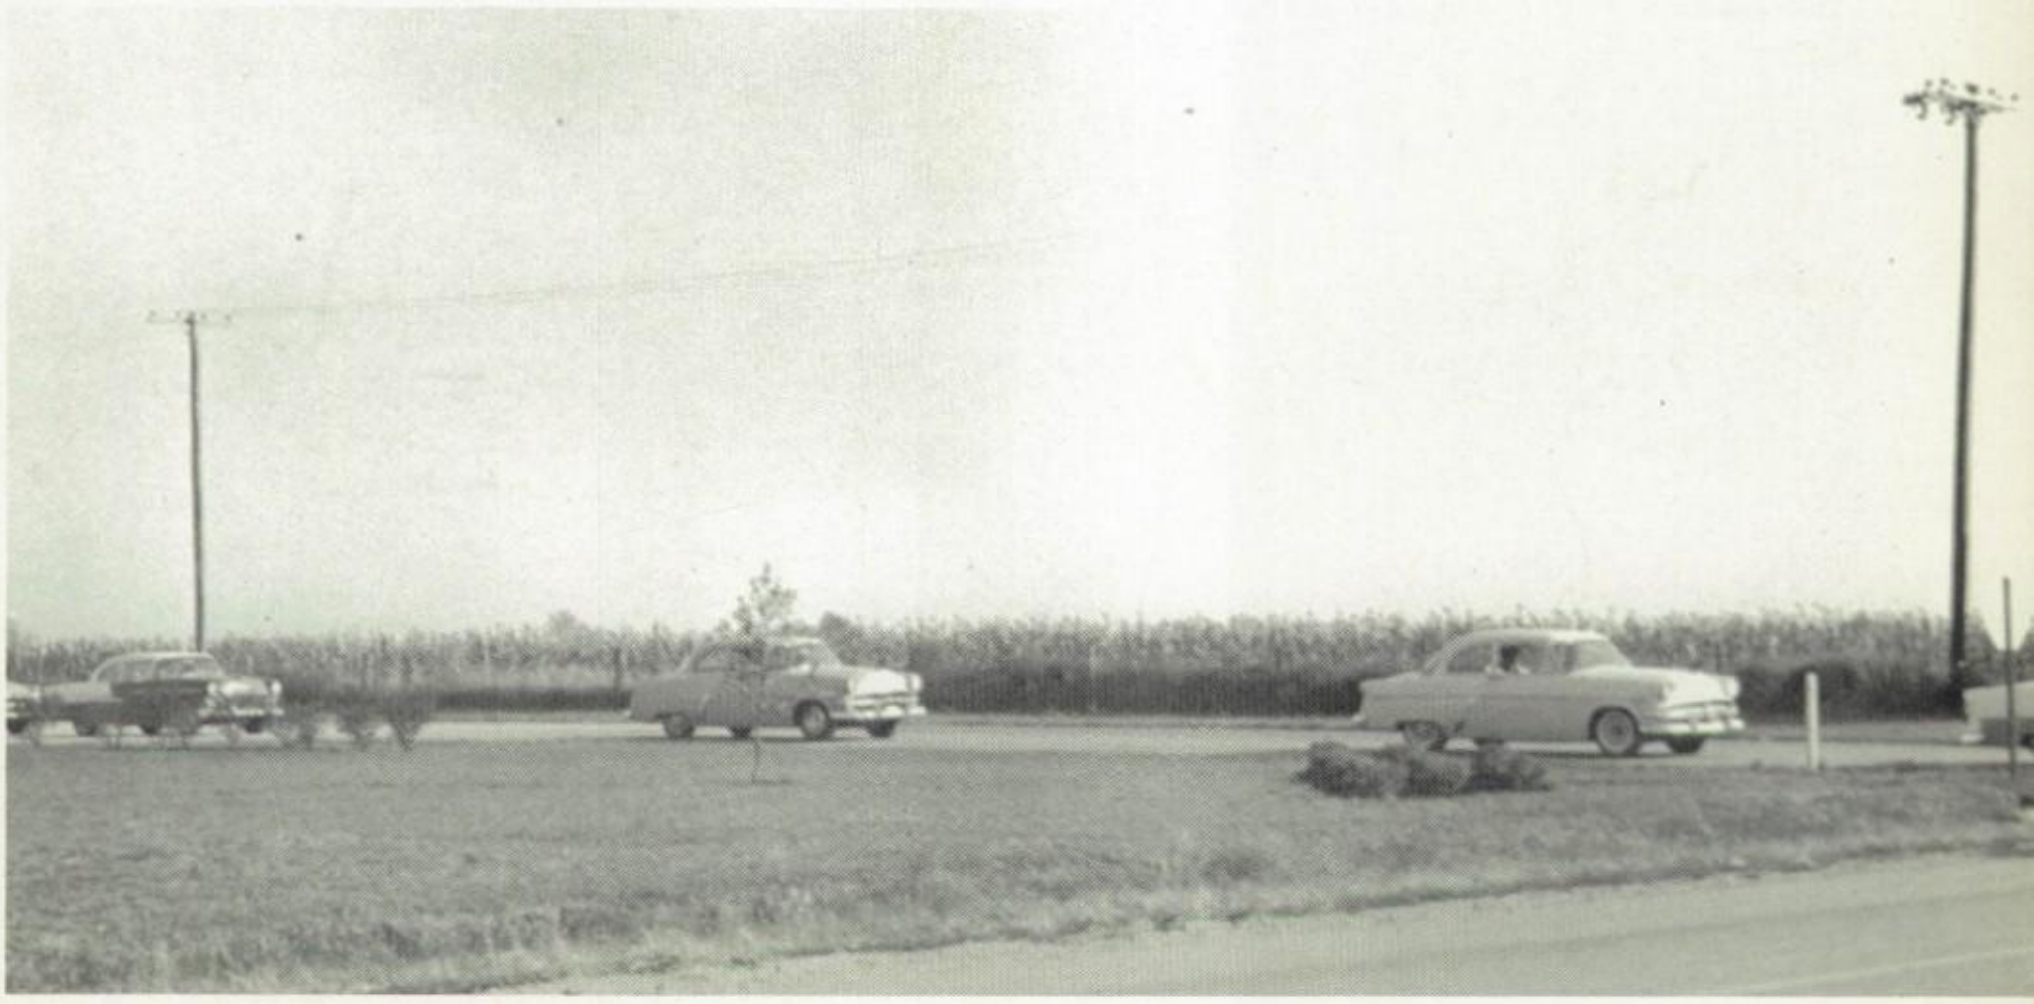


All Fred said was, "Bring 'er on in."
And look what happened!

This flag served as a silent reminder of the thrill of the night before.

AS STUDENTS ENJOY MANY ACTIVITIES

This was not the scene at the first of the year! A systematic departure saved many fenders from being crumpled, and many drivers from nervous breakdowns.



NEW SIGHTS AS WE ENTER A NEW BUILDING

The front of our school is a symbol of the high ideals of the students within.

The crowded halls and creaking floors of the old building are gone from us now. They have been replaced by wide halls, individual lockers, and a split lunch hour.

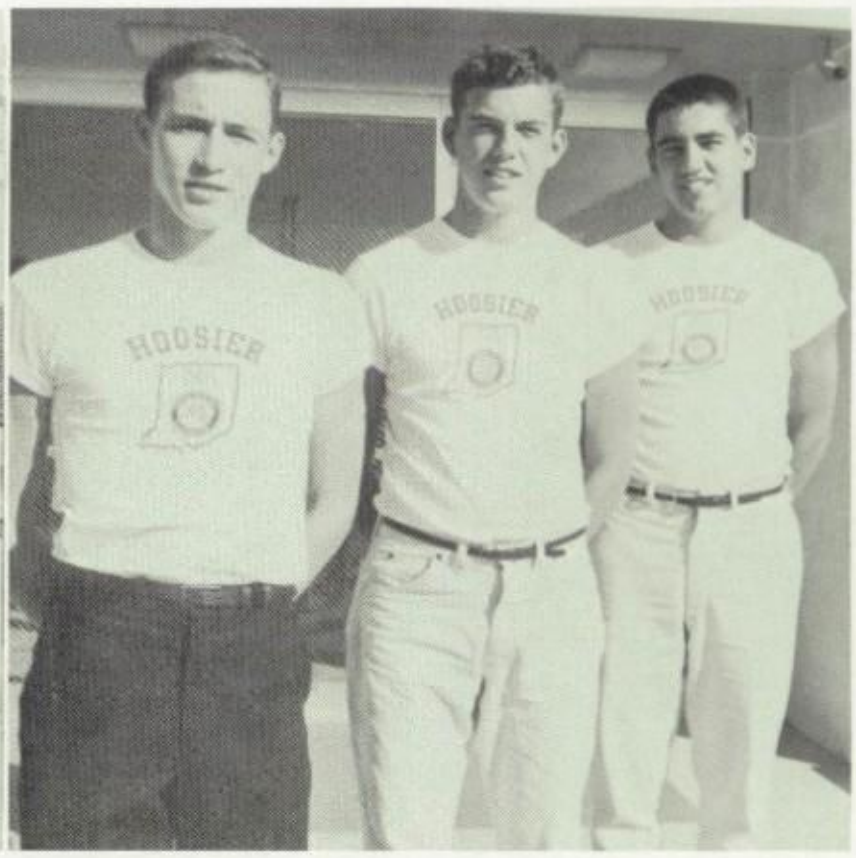
Tipton High is moving ahead, and we, the students, are going with it. We have left behind our thoughts of the past, and we are looking forward into a bright future.

The school symbolizes progress and change, and we are proud to be a part of it.

Upon entering the building, the first sights to meet our eyes are the wide hall, and the two shining trophy cases.

LEADERS OF TOMORROW LEARN TODAY

These girls spent a week at I.U. for Girls' State last summer: Becky Bringle, Ann Compton, Lanny Foster, Vicki Barker, and Judy Powell.



Tim Nash, Dan Shaw, and Jim Long will always remember the week of fun and instruction at Boys' State.

It has been said that the basic purpose of education is to create a well-rounded individual. T.H.S. seems to be doing a good job in this respect, as is plainly illustrated by these eight seniors.

By attending Girls' and Boys' State, these students learned about the workings of our local and state governments. They campaigned and made speeches, and carried out the duties of their offices to the best of their abilities.

This year, for the first time in three years, our school had a Merit Scholarship semi-finalist. It seems as if a standard has been set for seniors in the years ahead.

Vicki Barker was our first Merit Scholarship semi-finalist in three years. She was also winner of the D.A.R. Award.

SENIORS CALL ON FROSH FOR COMMAND

After several minutes of serious deliberation, some of the seniors decided to continue with an organized initiation in the gym.

Freshman Marita Compton is shown groveling at the feet of seniors Ann Compton and Judy Gibbens.

The crack of paddles, commanding voices of seniors, and sobs of freshmen echoed through the halls of T.H.S. as the day for Frosh Initiation finally arrived. Seniors, clad in brightly painted cords, demanded strict obedience from the groveling freshmen in their fashionable costumes.

After the decision to have an organized initiation was finally made, talented freshmen(??) sang and put on skits for the entire student body.

To end an eventful day on a friendly note, refreshments were served to the freshmen in the cafeteria.

PERFORMANCES AT THS INITIATION

Senior Donna Maxey gives freshmen a much-needed lesson in personal cleanliness.

Mr. Shoup, "The Human Fly," does push-ups against the wall.

At the beginning of the initiation, the freshmen were ready to crawl the walls, and they did so literally.

A QUEEN, A TEAM, AND A VICTORY

Junior Musicale and Chorus won first place in float competition.

An afternoon of festivities complete with the crowning of a Homecoming Queen, a terrific parade, and an exciting victory over Anderson Highland made Homecoming 1961 one of the best ever.

Friday proved to be a beautiful day for a parade and hundreds of Tipton residents lined the streets to see it.

The end of a perfect day was spent at a victory dance honoring the football team and our Queen, Judy Powell, and her court. Music for the dance was provided by the Jake Hoover Band.

Homecoming Queen Judy Powell smiles radiantly as she receives her applause. Members of her court were (l. to r.): Judy Lilly, Sharon Warfel, Tena Lewis, and Nancy Pore.

A fern-banked pond spraying rose-colored water made a romantic gathering place for the dancers.

A LAND OF MOONLIGHT AND ROSES

INSPIRED DREAMS

Working diligently, the Class of 1962 managed to make the 1961 Prom, carrying out the theme of "Moonlight and Roses," a prom the departing seniors would never forget.

A beautiful pond in the center of the dance floor seemed to be the point of interest to juniors and seniors alike.

The highlight of the evening was the crowning of the King and Queen and their attendants who were then honored with a special dance.

After a midnight movie and breakfast served by the junior's parents, many exhausted couples turned toward home at the end of a perfect evening.

Prom royalty Rick Pearce and Jane Zaloudek seem to be enjoying their coronation waltz.

We meet the teachers, the taskmasters of our school, who assign homework, listen to complaints and excuses, and try to further our education.

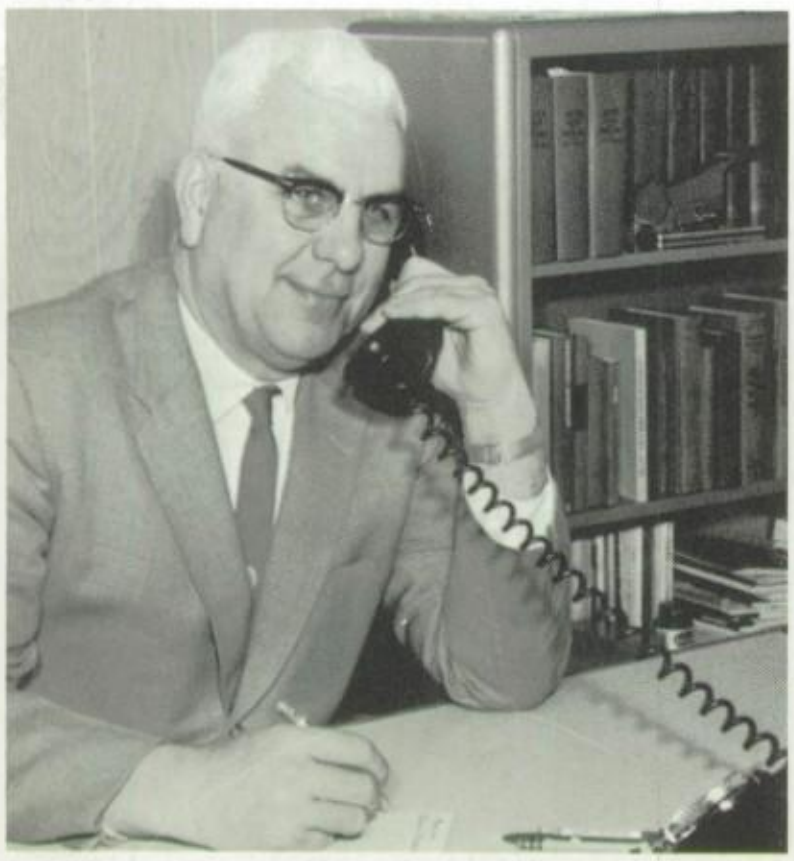
Next we turn to the classrooms--the strange odors of the chemistry labs, the shiny machines of the shop, the mouth-watering smell of the home economics kitchens, and the dusty blackboards of the history classroom.

ACADEMICS

ADMINISTRATION PROVIDES ADVICE

Serving on the School Board this year were (l. to r.): Mr. Ward Riffe, Superintendent Charles Wisehart, Mr. Cornelius Fox, Mr. Ray Bower, Mr. Harry Reasner, and Mr. Robert Woods.

Superintendent Charles Wisehart



Serving as secretary and bookkeeper to Mr. Wisehart were Mrs. Balser and Mrs. Enneking.

AND CONSENT FOR ALL . . .

Principal Robert Jones prepares to help another student solve a pressing problem.

With the building of our new high school there arose a need for a new school policy. Modern ideas and teaching methods have been introduced to the students, but along with them, many problems have been presented for the first time.

Principal Robert Jones, Vice-Principal Charles Edwards, and Guidance Director Patricia Moore have carried out this policy very effectively. The doors to their offices were never closed to students who were interested in planning their high school courses, choosing a college, obtaining scholarships, or who simply needed information about school life in general.

WE SALUTE THE ADMINISTRATIVE STAFF OF T.H.S.!

Mrs. Hicks and Miss Ley can assure you that there's never a dull moment in the office of Tipton High.

Mrs. Moore and Mr. Edwards were the new additions to our school's administrative staff.

Mr. EDWARDS--
Wisconsin, B.S.;
Purdue University,
M.S.

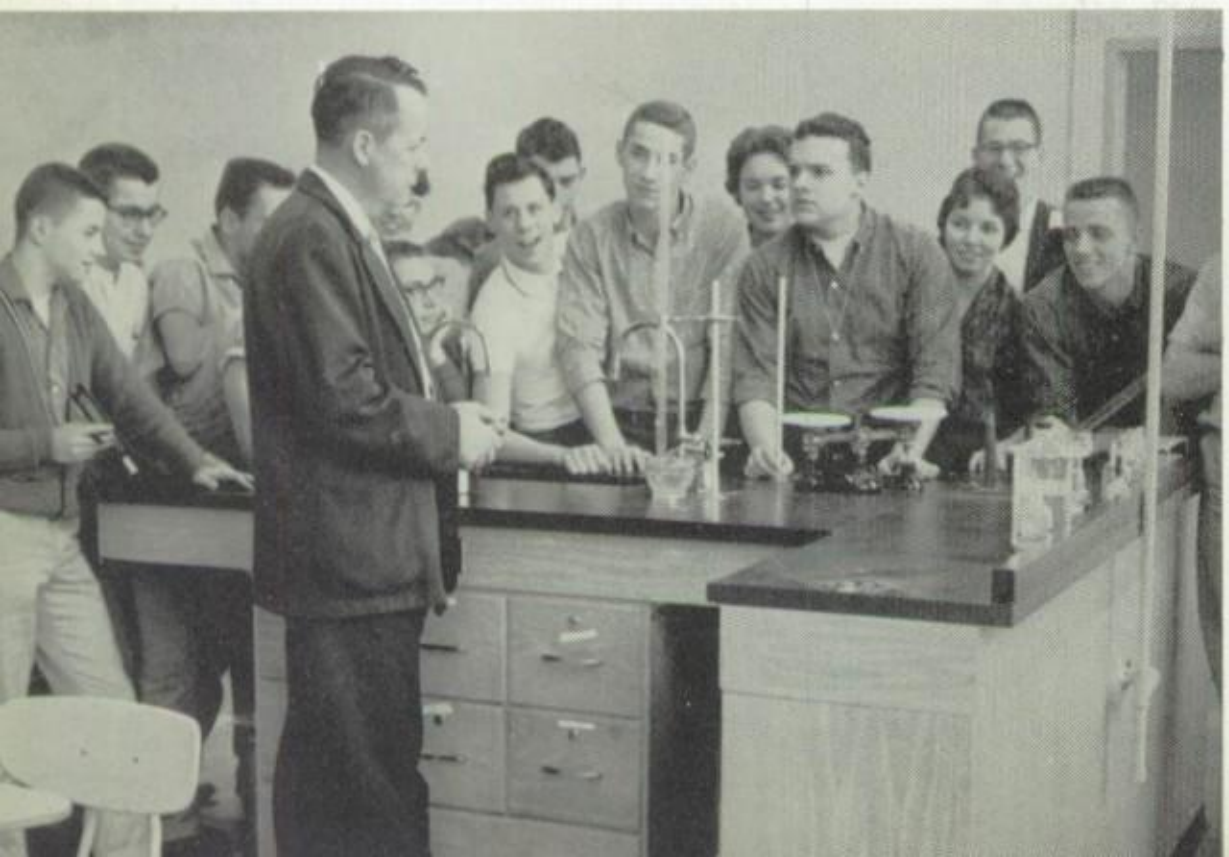
Science and mathematics provide both interesting and challenging projects for high school students. Each year the importance of these fields grows greater. The students of today may be the nuclear scientists and mathematicians of tomorrow. It is of the utmost importance that they have a solid foundation upon which to build.

In order to make learning easier, we have purchased many instruments which assist the teachers in their plans of study. These instruments, along with conscientious study, have made science and math interesting.

Mr. TAYLOR--
Hanover College,
A.B.

FIGURES AND PHENOMENA PROVIDE

Mr. Edwards explains a chemical principle to students in beginning chemistry.



Mr. SHOUP--
Indiana University,
B.S.; Purdue
University

This year chemistry is being offered to sophomores and biology to freshmen in order to make them eligible for the senior science course which will be offered in the near future. Sr. science will be a combination of advanced chemistry, biology and physics. This course will help prepare students for science in college.

Science would be nothing without math, and we feel that our mathematics department is far above average. We offer algebra, general math, geometry, trigonometry, and senior math.

Mrs. FORNEY--

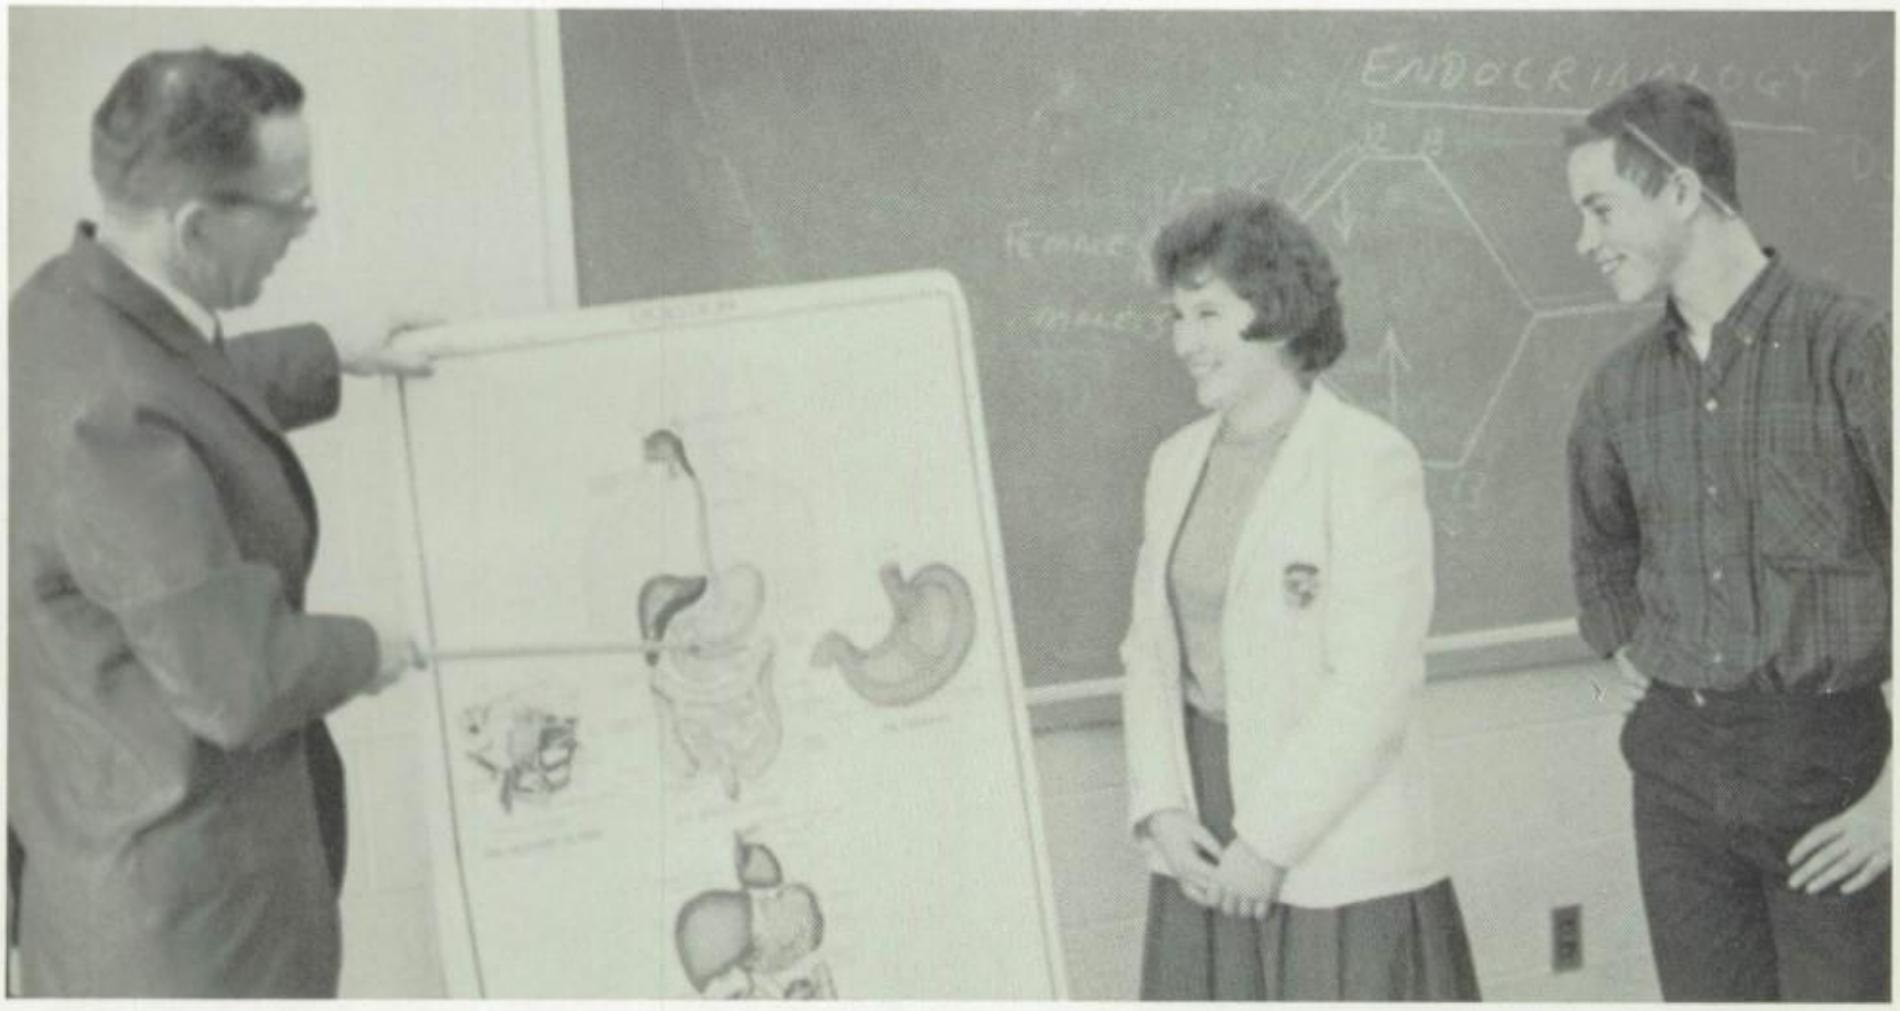
A CHALLENGE FOR ACTIVE MINDS

Mr. NADEN--
Taylor University, A.B.; University of Michigan; University of Texas

Modern devices make teaching easier, and learning more fun.



Mr. Shoup has made good use of his charts in health class as Linda Powell and Tom Mason will tell you.

THROUGH LEARNING AND EXERCISE

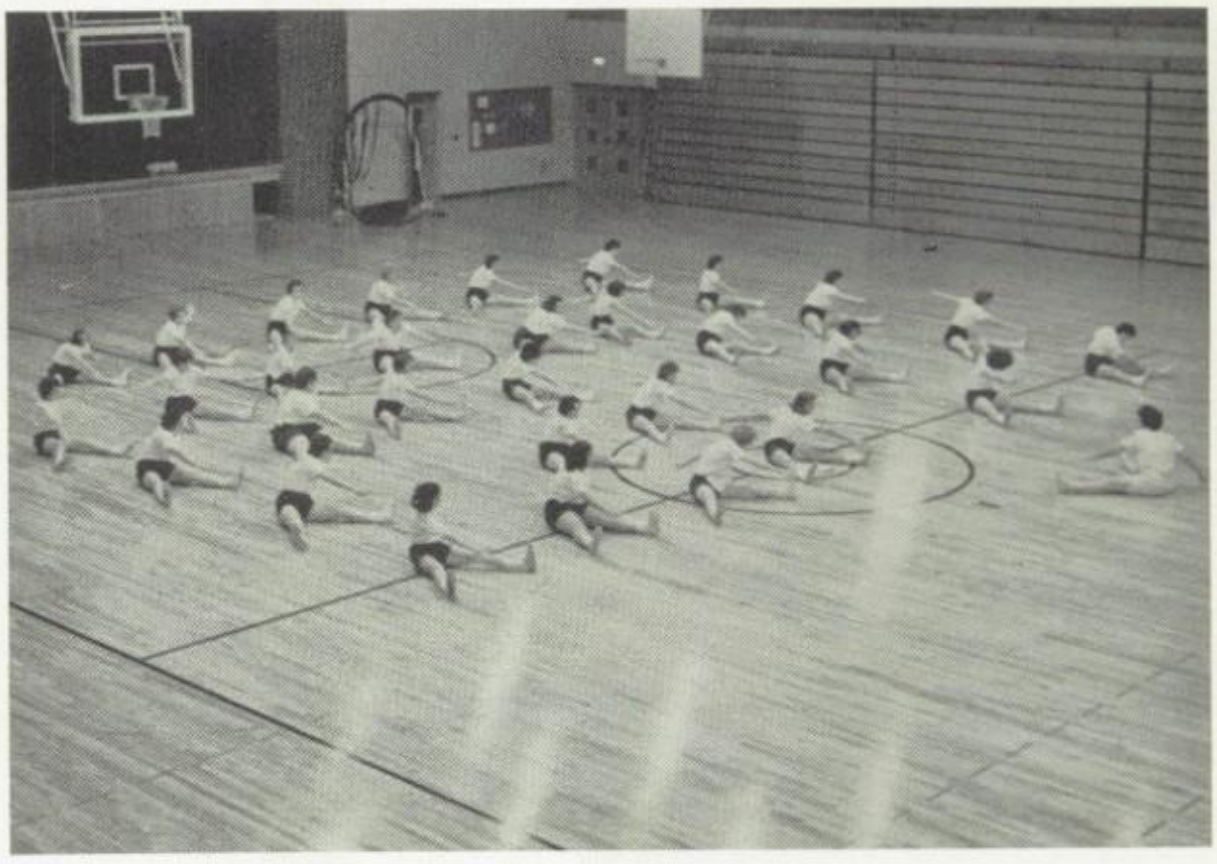
Learning and exercising increase the physical development of every student. Through the study of health we become aware of the things that make up a good physical condition. In the physical education classes we practice what we have learned by doing daily exercises, and participating in many active sports.

One semester of health and two semesters of physical education are required of all students in order to fulfill graduation requirements.

Dennis Kennedy explains his poster to his classmates.

Miss WEEKS--
Manchester College,
B.S.

Girls also take part in strenuous exercise in order to stay trim and fit.

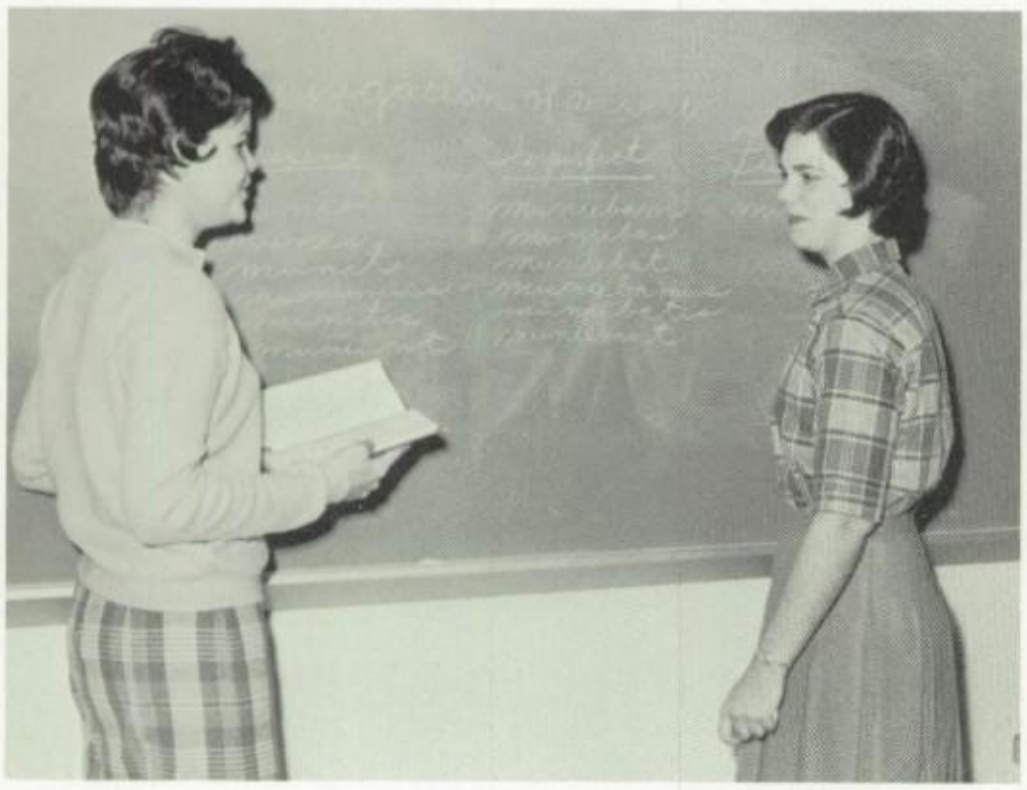


WE IMPROVE OUR PHYSICAL CONDITIONS

Mr. WEGER--
Butler University; B.S.;
University of Illinois

The muscle-bound boys that are seen walking the halls of T.H.S. didn't become that way by accident. Just ask any student of boy's P.E.!

STUDENTS WORK AT DECIPHERING DECLENSIONS



Pat Johnson and Jane Gossard demonstrate to their Latin class the principles of conjugation.

Miss SLATER--
Hanover College,
A.B.

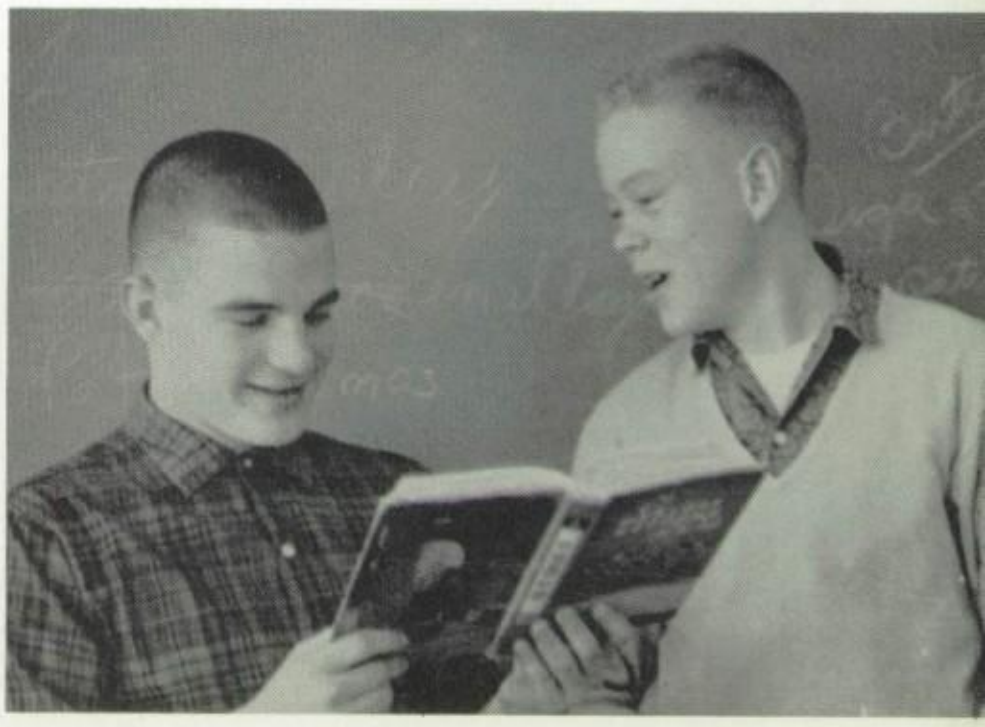
With the closeness of countries, brought about by air travel and improved communication, our school administration has recognized the need of teaching foreign languages.

While the only courses now offered in this field are Latin and Spanish, future years may bring us many languages which will be available for teaching to T.H.S. students.

Many of our students who are planning to continue their education feel that the study of a foreign language will prepare them for college work.

Students learn by reciting aloud, and writing what they have recited. This way they gain a speaking, as well as a workable writing knowledge, of their chosen language.

Mr. RODKEY--
Purdue University,
A.B.; Indiana
University, M.S.



Bill McGraw and Butch Havens practice their Spanish lesson aloud.

Mrs. TUNMER--
Ball State Teachers
College, A.B.

Mr. JONES--
Indiana State,
B.S.

Mrs. APPLE--
Central Normal
College, A.B.;
Taylor University

"Do I need a comma here? How do you spell pneumonia?" These comments are often made by English students. This year the English department has stressed theme writing and vocabulary study. Three years of English are required, but many students elect a fourth year. The developmental reading laboratory aided many students in increasing their reading speed and comprehension. Two shadowscopes and several timed readings formed the nucleus of this new program.

EPICS AND ESSAYS ENGAGE INTERESTS

Lorene Bergman seems to be in a world of her own as she studies Macbeth in English literature.

Mrs. DAVIS--
University of
Minnesota, B.S.

Mrs. RECOBS--

College

Nancy Pore, Alice Neal, and Dick Schulenburg use a map to locate the scene of a world crisis.

WE, THE PEOPLE OF THE UNITED STATES . . .

A basic knowledge of American history, and the fundamentals of our government is an asset to every American citizen. By acquiring this knowledge in high school, through our U.S. history and government classes, we will graduate with the ability to be informed citizens and good voters.

Current events play a vital role in the education of today's students. Our lives are impressed by every day happenings throughout the world, and by studying these happenings, we will better understand the "why's and wherefore's" of our country.

CARBONS AND COPY CAPTURE MANY

Miss GHERE--
Indiana State, M.S.;
Indiana University

Mr. HEATH--
Indiana University
B.S.

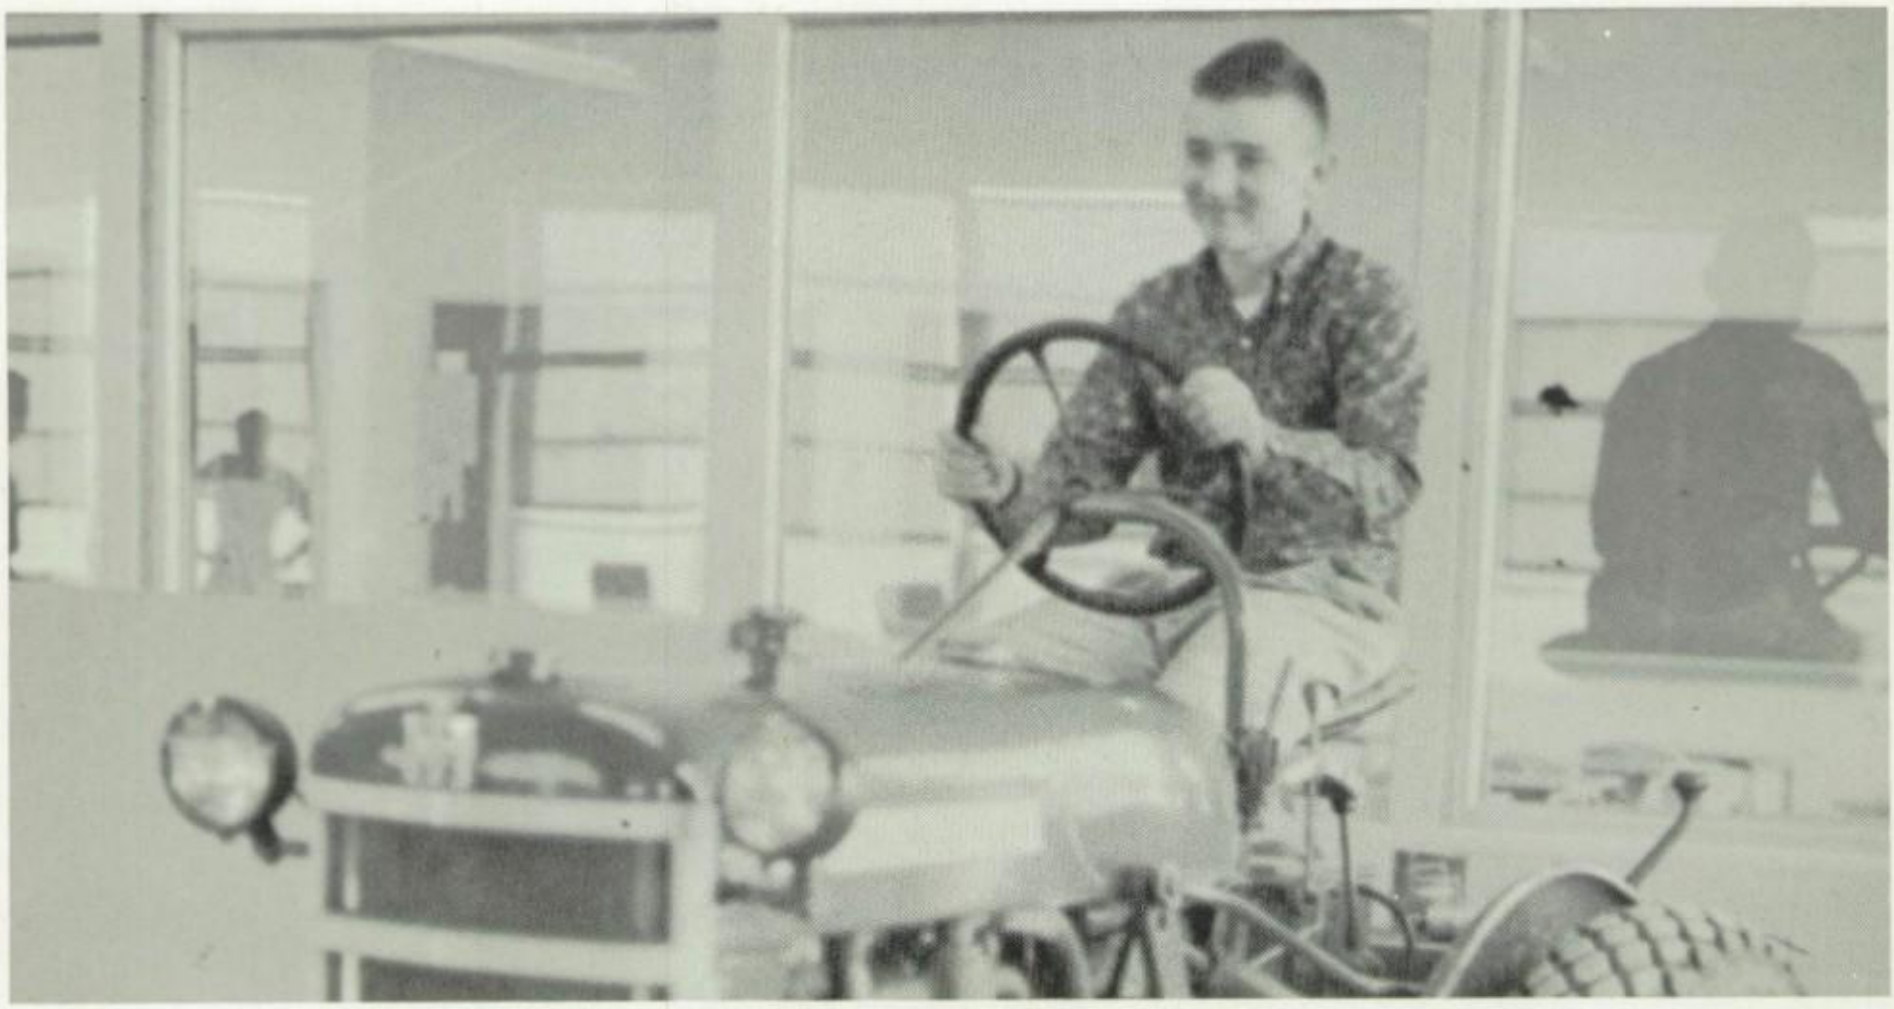
Miss HEGEL--
Manchester College,
B.S.

The purchase of new office machinery for our Commerce department has done much to increase the interest in these professional courses.

The subjects offered by our curriculum help prepare our students for careers in the business world.

This curriculum includes typing, advanced typing, bookkeeping, shorthand, advanced shorthand, business law, and office practice.

Miss Ghere is shown dictating to girls in advanced shorthand. Go, girls, go!



Mike Ripberger has that "Plow 'em under" look as he tries out one of the new tractors of the agriculture department.

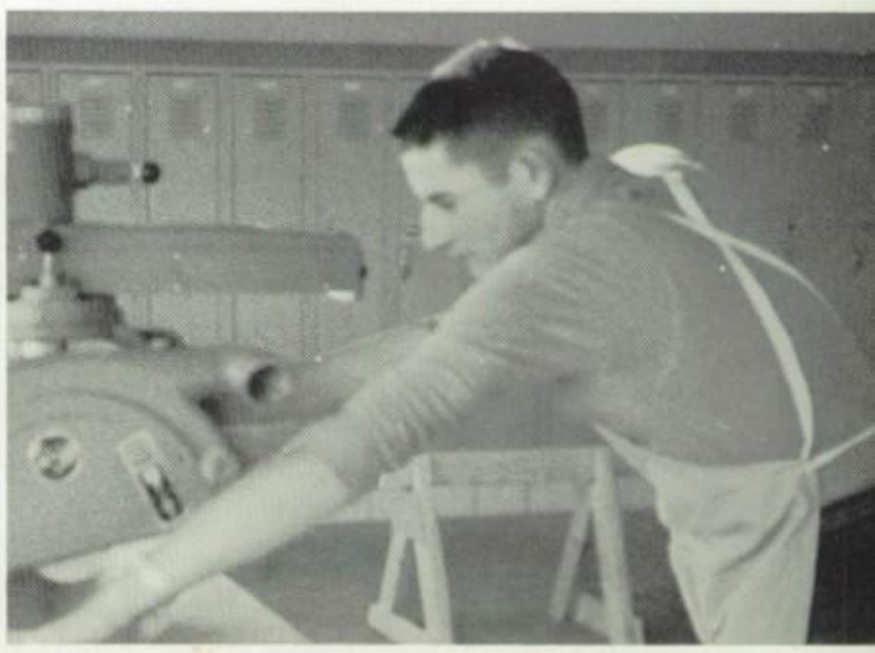
YOUNG FARMERS FORM THE "NATION'S BACKBONE"

In a farming community, such as Tipton, a course in agriculture is of the utmost importance. Many of our students will enter farming after graduation.

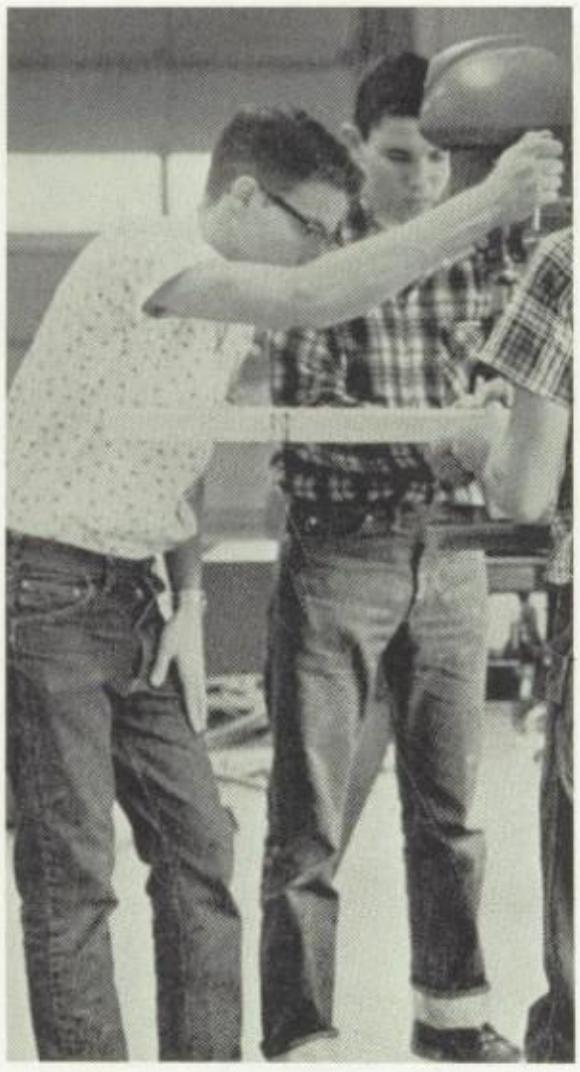
The plan of agricultural study offered at THS includes such courses as animal husbandry, soils and crops, farm management, and farm bookkeeping.

Mr. BLACK--
Purdue University;
Indiana State, M.S.

Agriculture is not just concerned with soil, as is being demonstrated by this boy at a power saw.



Mr. PEARSON--
Ball State Teachers College; Northwestern University, B.S.



Bill Achenbach is intent on his work with the power saw.

Mr. CAIN--
Purdue University, B.S. & M.S.

WHILE FUTURE MECHANICS LEARN TRADES

Our industrial arts department is responsible for educating the boys who are interested in manual jobs.

The courses provided by this department give boys the opportunity to develop an appreciation for craftsmanship, creativity, and craft and hobby interests.

The buzz of the saws and the hum of engines can always be heard coming from the shop area. Boys are constantly busy with either individual or class projects.

Mr. Cain watches over printing students as they select type for a problem.

LEARNING THE LESSONS OF HOMEMAKING

Miss STROUP--
Purdue University, B.S.

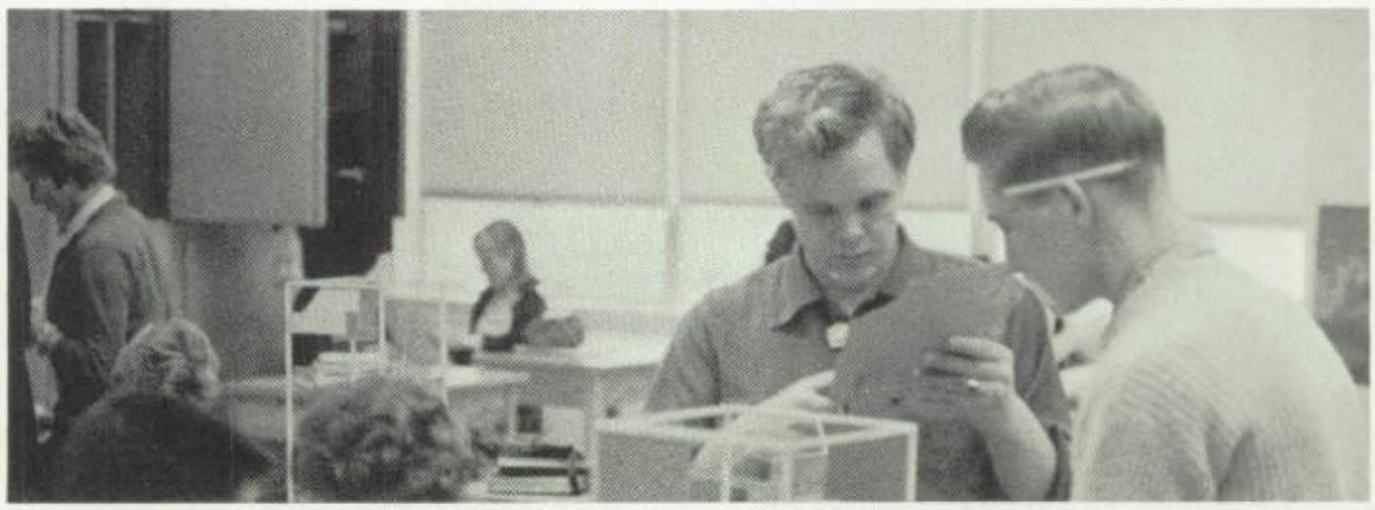
The home economics curriculum engages itself in the important task of training young women for the full-time job of homemaking. Not only do the girls learn to cook and sew, but they are also taught practical and social development, caring for the sick, and home management.

Home economics has been especially valuable this year, due to the addition of all new equipment. Brand-new gas ranges and shiny sewing machines have provided a perfect environment in which to work.

This home economics class is engaged in a discussion period.

These girls are putting into practice the knowledge gained in class.

The "Tiptonettes," members of the Girls' Glee Club provided entertainment at many of our convocations and programs.



Students worked on many varied projects in art classes.

ARTISTIC TALENT IS "TOPS" AT THS

The choral and art departments provide supervised development of artistic talent. Students are encouraged to display this talent in musical programs and drawings.

Several students have achieved recognition in their respective fields, such as singing at state contests and exhibiting art work at L. S. Ayres.

Mrs. SIMMONS--
Indiana State;
Ball State Teachers
College, B.S.

Mr. CONNALLY--

The Tipton High School Band

OUR AWARD-WINNING BAND IS

The high school band, under the direction of Stanley Good, was exceptionally busy this year. During the marching season the band entertained the football fans with three halftime shows. They were guest performers at Franklin College Band Day, and they marched in Tipton's Armistice Day Parade and Kokomo's Christmas Parade.

A fish-fry, spring concert, skating parties, and the Solo and Ensemble Contest have kept our band "on the go and in the show."

A CONSTANT SOURCE OF PRIDE

For the very first time this year, T.H.S. had its own dance band.

THEY PREPARE STUDENTS FOR HIGH SCHOOL

Principal Donald Johnson goes over the letter he dictated to his secretary, Miss Walker.

The Junior High School now occupies the building which was formerly occupied by both the Junior and Senior High Schools. With all the added room, they have been able to make changes which have benefited the program which has been outlined for their students.

The study hall has been moved from the old Junior High level up to the High School floor. Many of the subjects offered have gained an advantage by having extended facilities, and even more expansion is planned for the future.

JR. HIGH HAS ITS OWN STUDENT COUNCIL

The Tipton Junior High Student Council consists of twenty-four members. Two students, one boy and one girl, are elected from each of the ten sections. In addition to this, the student body elects a president, vice-president, secretary and treasurer. The purposes of the Student Council are to promote the general welfare of the school, to provide opportunity for student participation in school affairs, and to improve relationship among students, teachers, parents, and administration.

The Student Council sponsored three parties this year, and purchased a Christmas tree for the holidays.

Junior High prepares for the County Kid Tourney with a rousing pep session.

After-game dances, Student Council programs, dancing during lunch period, the Junior-Senior Prom, all night decorating for Homecoming floats, the Homecoming parade, the daily coke after school, the Pen Point Party, and Freshman Initiation all come to mind as we remember the activities of the past year.

JOURNALISTS CAPTURE YEAR'S STORY

ANNUAL STAFF

FIRST ROW: C. Utterback, Asst. Editor; R. Elliott, B. Grimme, L. Burton, A. Compton, L. Foster, Ed.-In-Chief; B. Tice, B. Biltz, J. Garmon, J. Gibbens, Mrs. Recobs, Sponsor. SECOND ROW: C. Planalp, L. Hart, B. Bringle, T. Nash, B. Hobbs, V. Hellman, T. Lewis, B. Boyd, J. Lane.

This is truly the Annual Staff in battle formation!

Work on the TIPTONIAN begins with summer planning and continues until the day of distribution--selecting the theme, planning the dummy, picture taking and cropping, and endless conferences with the company representative, photographers and copy editors.

The Annual Staff had a room of its own this year, and members were able to work there during their free periods. Without that room, it is very likely that this book would never have reached print!

The Annual Staff hopes that the facts here recorded will bring happy memories to those who made history in 1962.

IN PICTURES AND PRINT

"Devil Doin's" staff members were constantly busy keeping T.H.S. informed of the current and most interesting events that pertained to the school. Most of the staff members belonged to the Quill and Scroll, and the paper itself was a part of the Indiana High School Press Association.

By keeping intelligent, open minds with an eye out for news, the staff has certainly served T.H.S. well. This year several more issues of the "Devil Doin's" were published, and the staff hoped to be able to increase the number of issues next year.

Susie Levi and Donna Maxey were on hand to distribute the vacation issue of the Devil Doin's.

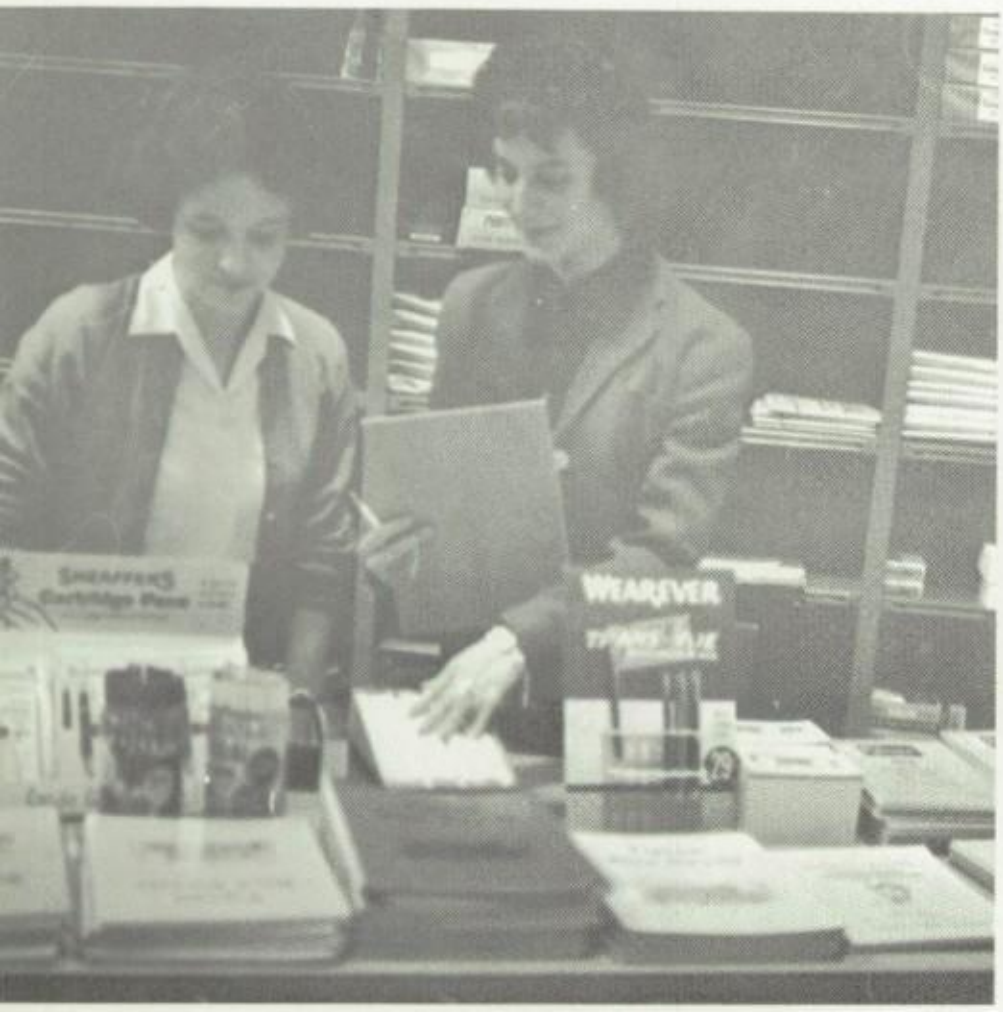
Members decorated the Christmas tree in the cafeteria.

The purpose of the National Honor Society is to honor students who are outstanding in character, scholarship, leadership, and service. In the spring, ten per cent of the junior class is taken into membership, and five per cent of the class is taken at the beginning of their senior year.

The club had two meetings a month--one during the activity period, and one which was held in the evening at the home of one of the members. At the evening meeting, problems of the school and the nation were discussed.

Projects for the year were the Christmas tree for the school and the "Pen Point Party," plus any other services needed for the good of the school.



Council president, Judy Powell and Nancy Pore check the supplies in the Book Store.

The Student Council was formed to provide a greater opportunity for student co-operation and participation in all worthy school activities. The objective of this year's Student Council is to become more closely associated with the student body and to make the Council a powerful organization in the school.

A new addition to the projects of the Student Council was the management of the Book Store. It was hoped that it would continue to have the support it enjoyed this year, and would become a successful part of the school organization.

The Drama Club is a club made up of students who are interested in drama and speech. It helps students to earn their points for membership in the National Thespian Society.

This year they presented two plays--"A Hole In the Head" and the ever-popular "Monkey's Paw." The club hopes to present more plays for the student body as well as the general public.

Here we see a scene from "A Hole In The Head."

The Projectionists Club is composed of boys who are skilled in the art of working with films and sound equipment. Through their efforts many classes were able to have audio-visual aids.

Members are taught responsibility, promptness, and courtesy of manner, as well as gaining experience.

The Librarian's Club is made up of girls who give of their time to work in our new library. They were responsible for checking on library passes, as well as assisting the school librarian in many ways.

These two service organizations contributed much to the well-being of the students of Tipton High.

Officers of Junior Musicale are shown discussing plans for the annual Christmas party.

Junior Musicale is an organization that strives to promote music appreciation among high school students.

Members worked very hard this year to make their club a huge success. Besides doubling their membership, they found time to win first prize for their float in the Homecoming parade.

The club had a Christmas party, a Mother's Day Tea, and a spring picnic.

Through membership in Future Nurses, girls are able to catch a glimpse of what may be in store for them if they continue in their chosen field.

Each month the club has two meetings--one during a regularly scheduled activity period, and one at night. During the activity period meeting, the club's business affairs are discussed, while at the night meeting, members enjoy films and guest speakers.

The main project this year was the distribution of gift boxes of candy at the County Home on Valentine's Day.

Future Nurses officers are shown making plans for the February project.

GOOD SPORTSMANSHIP

STRESSED BY G.A.A.

Boys are by no means the only members of T.H.S. who are interested in sports. G.A.A. gives the girls a chance to exercise and to enjoy the fun of healthy competition.

In order to finance the annual sleepout and the T-Men party, the girls sold candy. This proved to be a very successful venture for the club.

Membership in T-Men is limited to those who have earned a varsity letter. In this way, T-Men provides an incentive for those who participate in sports.

This year the annual T-Men trip was to St. Louis instead of to Chicago. In order to earn money for the trip, the club sponsored an after-game dance and held their yearly chili supper.

Two banquets were held in order to honor the members of T-Men. For the first time this year, a banquet to honor fall sports was added to the traditional "T-Men's Banquet," which is held in the spring. It is hoped that this will become an annual event.

Boys who earned jackets in football received them at the Fall Banquet.

A youngster is shown receiving her gift from Santa at the Sunshine Christmas party.

The theme of the Sunshine program this year was "Jewels in Your Crown." Each month, Sunshine girls were to develop good characteristics in themselves which would be helpful to others.

Again this year, their special project was a Christmas party for needy children. Twenty-five youngsters were made very happy by games, treats, and gifts.

The club contributed to the Fund for the Riley Children's Hospital, the State Sunshine Project, and they collected clothing for needy children.

The members of F.T.A. participate in district and state conventions to become acquainted with the procedures of other clubs around them.

Junior and senior members may observe teaching in the elementary schools. Through this program, many students have become interested in elementary teaching.

SPANISH CLUB LEARNS OF SPANISH CUSTOMS

The Spanish Club float in the Homecoming parade was one of the most colorful and original.

The Spanish Club was instituted to create interest in the customs and language of Spanish and Latin American countries.

Anyone having taken one year of Spanish is eligible for membership in the club. In order to become a candidate for the presidency of this club a member must have taken two years of Spanish.

The members were treated to a Christmas party where Spanish food was eaten and Christmas carols were sung in Spanish.

Their worthwhile project this year was the sponsorship of a gift basket to a needy family at Christmas.

SCIENCE CLUB HAS MANY NEW PROJECTS

The purpose of this organization is to further the advance of interest in science at Tipton High School. Students are required to have taken at least one year of high school science as well as having a 4.0 index.

The club planned to take a trip to Chicago in the spring and in order to raise money for the trip they sponsored the coat check for home basketball games. New members were required to work at least one game in the coat check in order to obtain membership.

Members of Science Club operated the Coat Check at the home basketball games.

Future Business Leaders of America, a newly formed club, started the year with 45 charter members. The purpose of this club is to develop competent, aggressive business leadership among our young men and women of today.

The club has had three money-making projects--a fudge and brownie sale, a dance after a game, and a sale of Christmas cards and stationery. Its main project was the publication of a business paper called "The Business Banner." The staff was made up entirely of FBLA members.

One of the highlights of the year was a field trip to Indianapolis to visit the Bell Telephone Company, and Porter College.

A NEW JOURNALISM HONORARY IS FORMED

For the first time this year, T.H.S. had students qualify for membership in Quill and Scroll, the national journalism honorary. In order to obtain this membership, the students had to submit a sample of their writing and pay an entry fee.

The club hopes to interest students in journalism and journalistic careers. By working on the newspaper or the annual staff, students are able to get a vivid picture of journalism in action.

Senior girls do their best to boost Pep Club projects.

The goal of Pep Club is to promote school spirit among members of the student body. One of the club's annual projects is the decorating of the school and downtown area at Homecoming. Blue and white streamers, coupled with a huge victory banner in the cafeteria contributed greatly to this year's enthusiasm.

The Pep Club sponsored one of the year's most successful after-game dances, netting almost $100. This money was put into the treasury to be used for pep busses and booster posters.

PROMOTED THROUGH

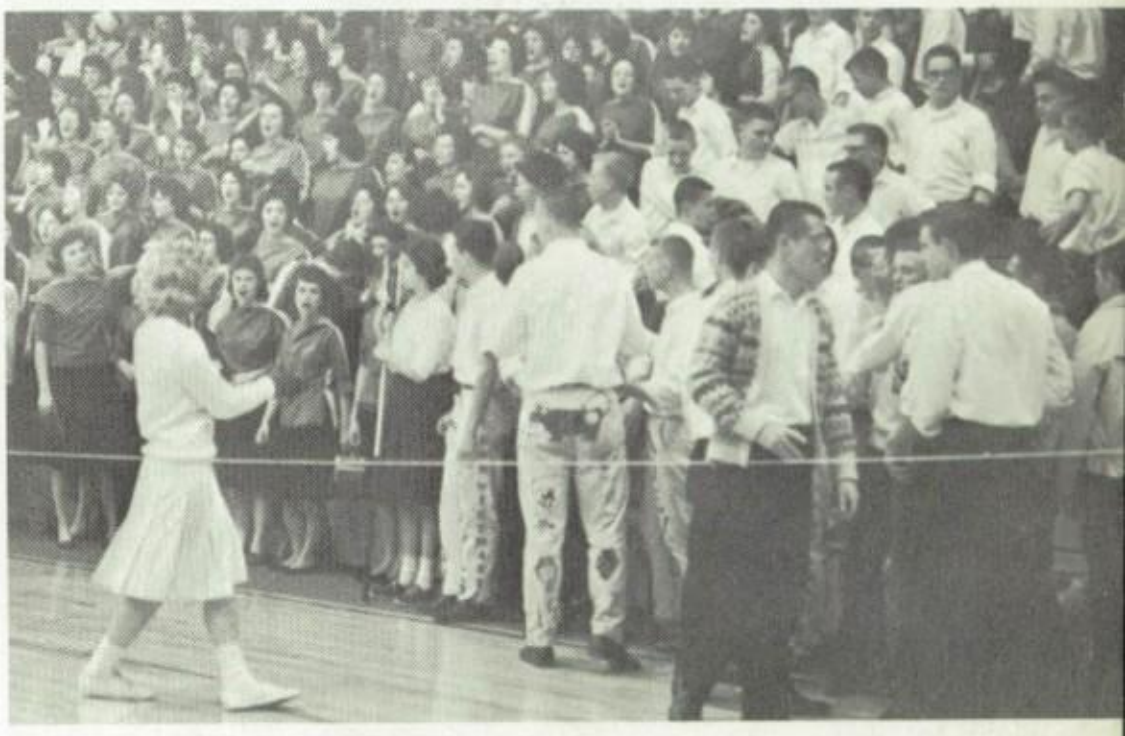
PEP CLUB EFFORTS

DUE TO INCREASED MEMBERSHIP, INDIVIDUAL IDENTIFICATION WAS AN IMPOSSIBILITY.

Two organizations which are made up entirely of Pep Club members are the girls' and boys' cheer blocks. The girls practiced letter formations, new yells, and chants every Thursday after school, and the boys were always on hand at the games to lend their support to the girls' voices.

The club owes much of this year's success to its sponsor, Mrs. Tunmer.

The girls' and boys' cheer blocks get ready to leave after a job well done.



"WHEN THAT GREAT SCORER COMES

HE WRITES NOT IF YOU WON OR LOST
BUT HOW YOU PLAYED THE GAME."

first basketball game--we
remember all this as we travel through
the athletic world of Tipton High
during the past year.

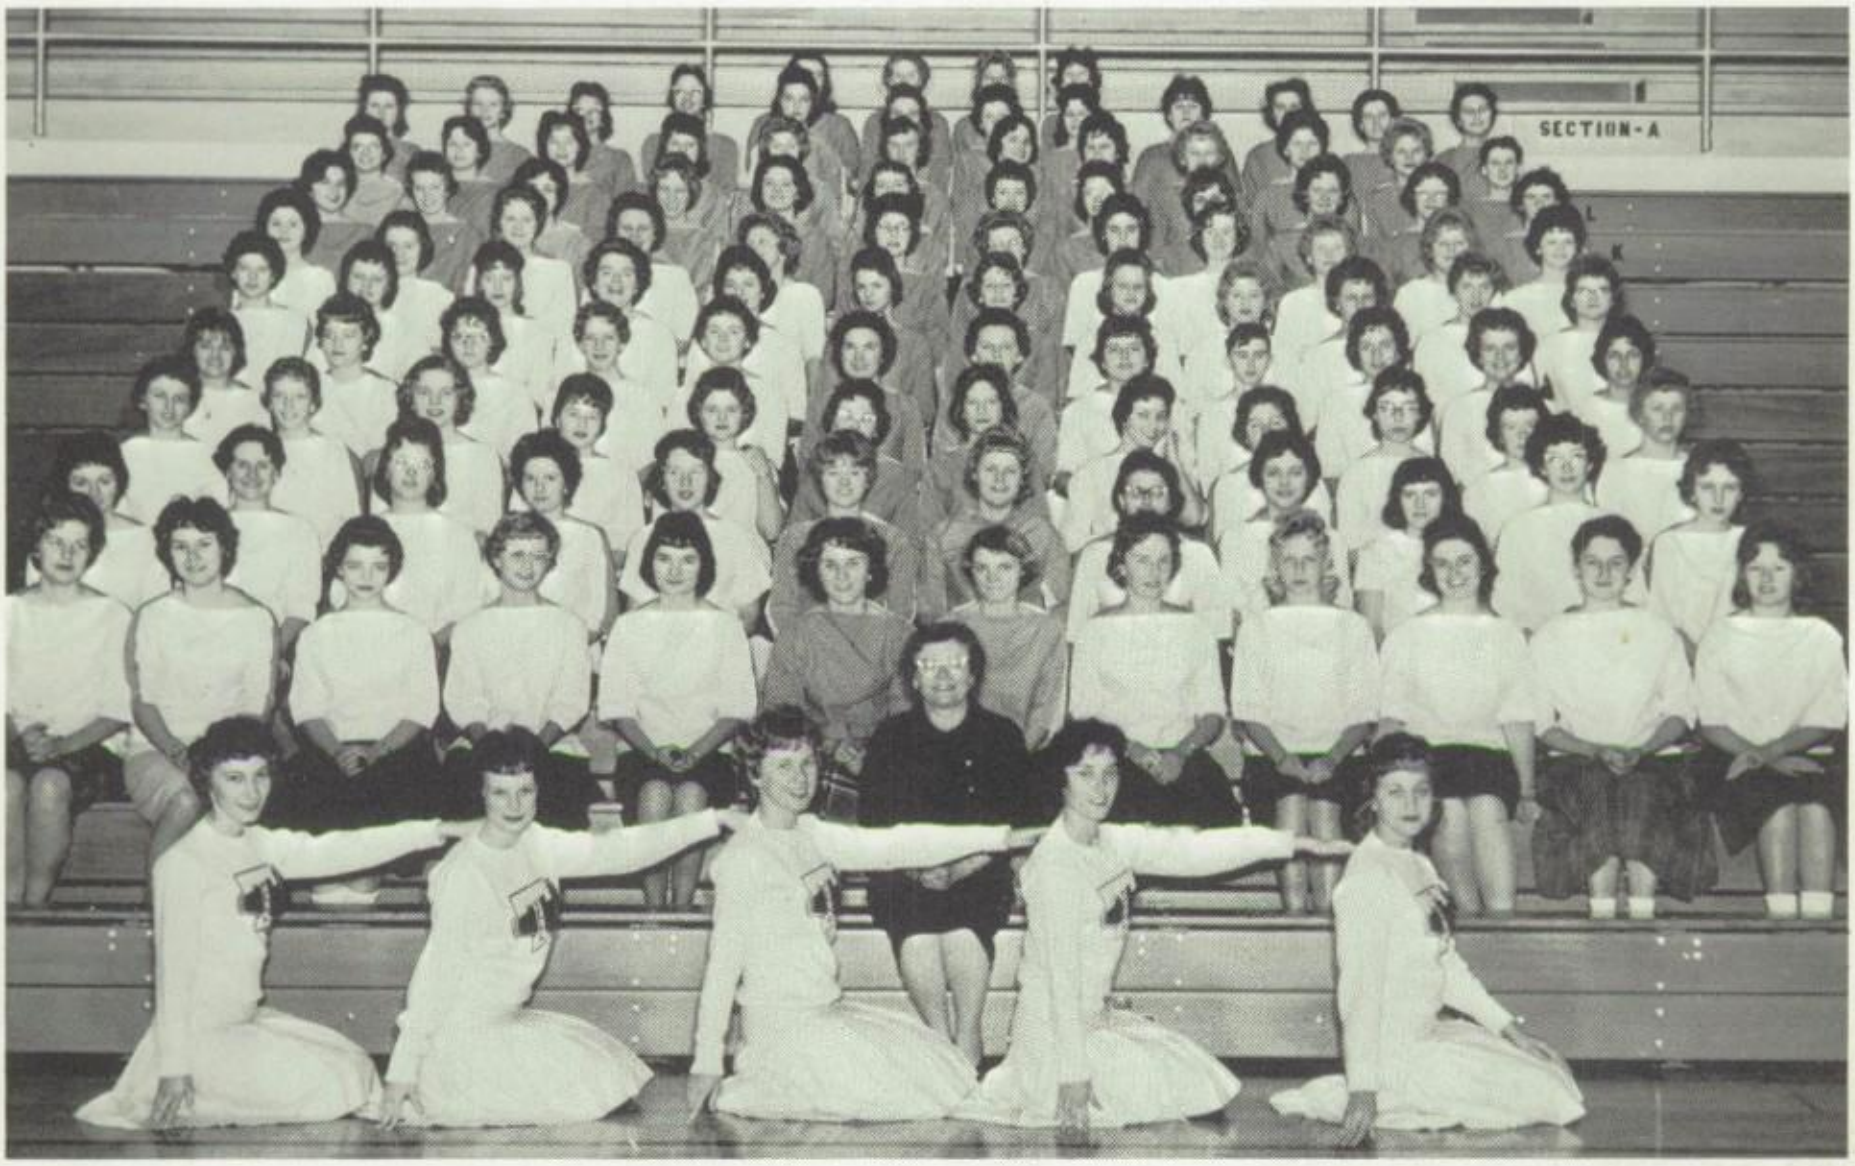
BACK THE TEAM AND BOOST SCHOOL SPIRIT



GIRL'S CHEER BLOCK

Our cheer block consisted of one hundred and twenty girls this year. Every Thursday night after school the gym echoed and re-echoed with the sounds of their practicing. It was of great benefit to the block that they were able to practice in their regular seats.

The girls went to the Sheridan and the Noblesville games and were present for every home game. During the Christmas season, the block formed a bell by using flashlights, and sung "Silver Bells." This display helped put our basketball fans into the Christmas mood.

The block is greatly indebted to its sponsor, Mrs. Tunmer. Without her help, it would have been difficult to have a successful year.

A one point victory over Noblesville provided the highlight for this year's varsity football season as the Devils defeated the Millers for the first time in nine years. The team, sparked by the twelve seniors, also came through with a Homecoming victory over Anderson Highland, finishing a winning season with a record of 5 wins, 3 loses, and 2 ties.

Although he is losing twelve seniors, Coach Weger looks forward to another winning season next year.

There would be no team without the help and guidance of the coaches and managers. Our managers this year were: Jimmie Hughes, Bobby Planalp, Bob Kurtz, and John Holloway. John Weger and Ken Shoup piloted the Devils through a successful season.

Freshmen receive valuable experience by playing football during their first year of high school. They become accustomed to training rules and practice schedules, and get an idea of what to expect in varsity competition.

Under the guidance of Coach Dick Barr, the freshmen were able to have a winning season this year, and we hope this is an indication of our future football power.

Tipton's varsity team completed a most successful season, at least in the eyes of the student body, as they had their first winning season in seven years. One of the most impressive victories of the season was a 65-58 upset of CIC rival Peru.

Tipton also won its own Holiday Tourney, establishing a tradition for future Tipton teams to uphold. The Devils followed a 90-72 victory over Anderson Highland with a 91-77 defeat of Winchester for the tourney crown.

Coach Dick Barr, who is losing only four boys through graduation, looks forward to an even more successful season next year.

B-Team scrambles for that ball!

Tipton's B-Team earned the title of winningest team in T.H.S. this year and is one of the winningest B-Teams in the state. With a record of 14 victories against 4 defeats, the junior varsity overcame such traditional rivals as Noblesville 38-34, Sheridan 57-45, Peru 53-36, and Elwood 45-17.

Under the able guidance of Coach Dick Barr, the junior Devils showed great promise of things to come. With an average point spread of only 5.8 in their losses, and a loss to Kokomo by only 2 points (36-38) the basketball future of T.H.S. looks great.

WHICH MAKE THE VARSITY

FUTURE LOOK BRIGHT

The freshman team, in their first year under Coach Ken Shoup, gained much valuable experience. Rolling up 8 victories against 4 losses, the young Devil's played their first season under the new system in which their schedule is completely separate from the Junior High schedule.

Most pleasing and probably most outstanding among the seasons victories was the 44-34 win over Indianapolis Crispus Attucks.

One of the contributing factors to the success of the freshman was the summer program inaugurated this year. Under this program, the team plays other teams from all over the state, gaining experience and finding their weak spots before regular practice starts.

Freshmen provide their own brand of action!

Junior High Basketball Team

Our friends, the ones we see hurrying through the halls, pausing for a drink between classes, waiting anxiously for the bell to end classes, rushing madly to get that last bit of homework done, cheering wildly at the football and basketball games, and enjoying themselves at after-game dances . . . These are the people who have filled our year with fun, joy, and warmth.

STUDENTS

SENIORS PREPARE TO MEET THE FUTURE

Seniors at last and what a long wait it had been.

It seemed it would take forever to reach this magic year when, as sophomores, we sold a thousand dozen doughnuts.

As juniors, time went faster as we sold candy in the halls and ran the concessions at ballgames. When at last the junior-senior prom materialized as a wonderland in pink and red, with the theme "Moonlight and Roses," our senior year was just around the corner.

We worked hard all summer painting our cords and polishing our paddles in preparation for Frosh Initiation. After initiation we began the magazine sales which netted over two thousand dollars toward the senior trip which was planned for June.

Soon after the magazine sales were over, we began preparations for graduation as the day when we would leave Tipton High School approached closer and closer. Before we knew it Commencement was here, and it was time for the seniors to say goodbye, knowing always that they would carry fond memories of four years at T.H.S. with them wherever they went.

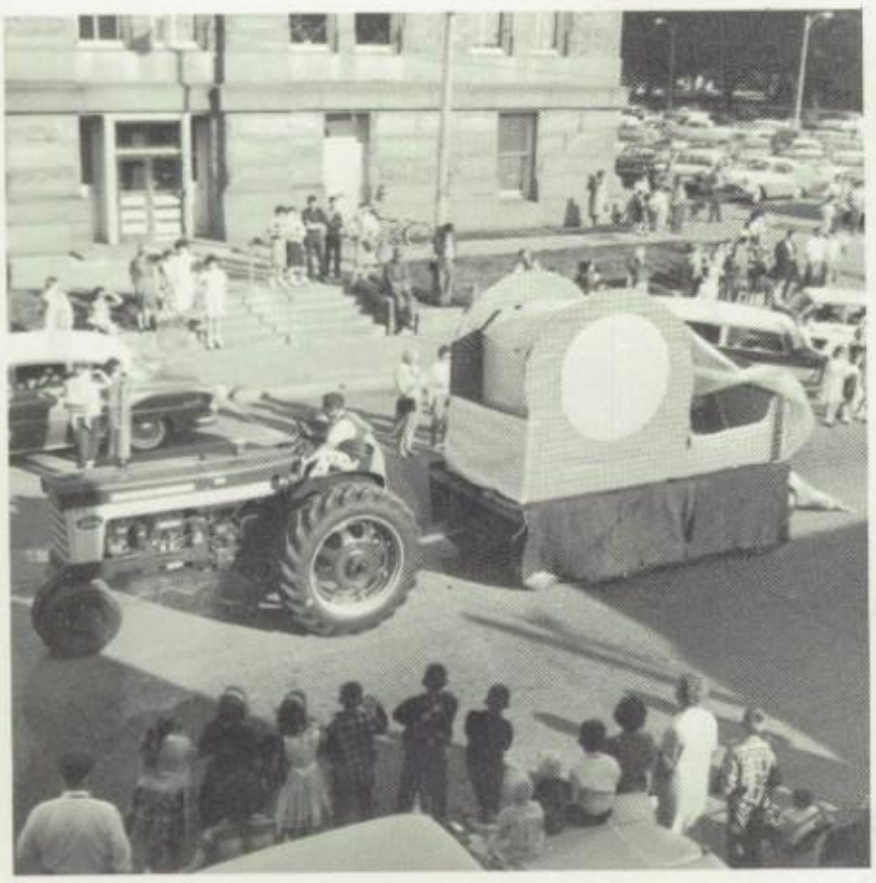
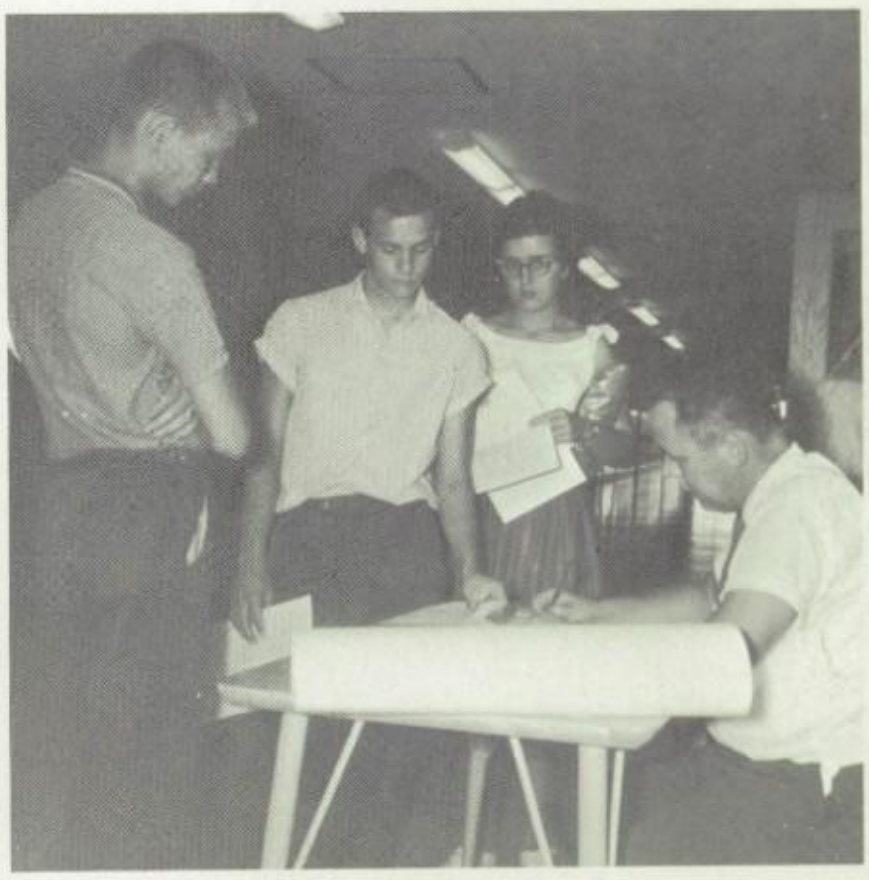
Our year was greatly saddened by the loss of Anne Louise Abendroth. As a member of the Class of "62" she worked on the Devil Doin's Staff and belonged to G.A.A., Drama Club, Spanish Club, F.T.A., Yell Block, and Pep Club, whose secretary she would have been this year.

Class of "62" "twists again like they did last summer!"

1962 CLIMAXED FOUR YEARS OF ACTIVITY



"Tape 'em up Devils" was the theme of the Senior Class float in the Homecoming parade.



Seniors Gary Black, Lorene Bergman, and Alan Schulenburg begin their year with registration.

JUNIOR CLASS

This year the Junior Class has upheld the title of the busiest class at T.H.S. They started out their year by receiving their long-awaited class rings which were (in their opinions) "the best ever."

For Homecoming, they entered a float titled "Bottle Those Scotch" in the parade. They were represented by two of their classmates who were elected to the Homecoming Court.

In order to finance the prom, the juniors sold concessions at the ballgames and operated a Coke machine in the cafeteria. They plan to have the most outstanding prom in the history of Tipton High, and everyone hopes they will succeed.

KEEP UP THE GOOD WORK CLASS OF "63!"

SOPHOMORE CLASS

The sophomore class has been very busy this year. They have ordered their class sweaters and will receive them this spring. The sweaters are black with white emblems trimmed in black. They have also ordered their rings and are anxiously waiting for them tc arrive next fall.

Their projects this year were the annual doughnut sale, a dance, and the sale of pennants.

FRESHMAN CLASS

The Freshman Class is very proud to be the first class to complete four full years in the new school. They have much to look forward to and many standards to set.

Their sponsor, Mrs. Tunmer, helped them with the election of cheerleaders, class officers, and Student Council representatives. Although freshmen are not permitted to have a money-making project, they are making plans now for future projects.

As is the custom, at T.H.S., the freshmen were "treated" to an initiation in the gym. They had lots of fun, and when everything was over, they felt that they were really part of Tipton High.
